“*Dear Heather, Justin, and Family,
We are so sad to hear of our dear friend Judy’s passing. We will always remember her welcoming smile as we visited her and Dick’s home—usually for a scrumptious meal. And what a cook she was! Our relationship with Judy goes back to the seventies. We watched the two of you, Justin and Heather, grow up! It was wonderful that Judy included us in so many family events. Although several years went by that we did not see each other, we feel lucky to have reconnected last year by phone. She was truly a warm, intelligent, and caring friend.
Always,
John and Karen Winkelman*
