“ My sister Janet lived for several months with Julie at the Sheridan home in Wayzata. Julie joined the others in community meals and cheerfully showed us her room with joy and pride. She was sweet and generous as she talked about family members framed on the wall, and she exuded delight with episodes of "Mr. Ed." I have not doubt she lived a very content life. I know he calming presence will be missed in the home. My condolences to all of her loved ones and those who also loved her at Sheridan. Barb Tuckner
