“ I'm sure Julie will be sorely missed by many. I will never forget going tobogganing (sliding) with Julie in the 5th grade. We crashed and burned at the bottom of the hill and Julie got up with her wrist kind of hanging there and laughing, with tears in her eyes, telling us that something was wrong with her wrist... She was such a stong person. She never complained.

“ Dear Hays Family,

I am one of the Administrative Assistants that worked with Julie. She was such a fun, delightful, funny person to have in the office. Last year when she was on sabbatical it was just so quite around here, and I missed hearing her laugh. Your mom was always making everyone laugh. Just a couple of weeks ago she was showing my co-worker and me some paper helicopters that she was trying to get to work and show them to her class. She was standing on the chair in the office holding the helicopter up in the air trying to get it to flow down to the ground like a helicopter should. It took her a few trys, but then on the 3rd or 4th try it finally worked. She was always entertaining when she was here, and she will be greatly missed.

“ Julie was a special person. Her St. Thomas office was on the same hallway as mine and I always enjoyed her as a colleague. She had a great sense of humor, was a great teacher, loved by her students, and probably the best Lego builder on the hallway. She is missed greatly.

“ Julie was the complete academic - a beloved teacher, an excellent researcher and a valued colleague. But, most of all, she was really fun to be around - always upbeat and funny. I miss her.

She talked about her family alot. It was very clear how important family was to her and how proud she was of each of her children. My thoughts are with all of her family.

“ Dear Hays Family,
My heart breaks knowing the pain you must be going through right now. Your mom (wife) was a great woman and she and your dad have given you kids a great foundation. As long as I have known her a faith based education was always important. Now you all need to use that faith she instilled in you to get through this tragic time. Know that those of us from your community are thinking and praying for you.
Her greatness will live on in all of you- her family.
My deapest sympathy,

“ I had the very good fortune to work collaboratively with Julie at UST for several years. She was always cooperative, flexible and willing to accommodate to make any situation a win/win for everyone involved. Julie had the ability to make one feel very special because of the confidence she had in herself. I admired her sweet smile, her intelligence and her warmth. Several students we had in common - she the professor and me the advisor - always thanked me for recommending her sections. A very classy lady and I will miss her as a friend and colleague.

“ Thanks so much for making that difficult phone call this morning, I enjoyed many visits with Julie and remember her sharing with me the passing of her mother also. Her last visit on Monday, she told me if you pet the dog he'd fall over and we laughed. God Bless all of you. She will not be forgotten, Cathy
