“ Suzmarie's post reminded me to note that at Aunt Marge's funeral in March 2010, any number of my cousins mentioned June in so many loving ways. She was a "giver" to so many people. We can be so very proud of her and know that she is missed.

“ We will all miss Aunt June, she was always loving and caring about others. She never missed birthday wishes or other significant events. I can remember when she came to Hinsdale for one of my high school basketball games and that meant alot to me. She was a wonderful person. We will miss you.

“ *I worked with June at Powers downtown in the cashier's office while I was in college. She was such a nice and giving person and I have enjoyed maintaining contact with June throughout the years. No matter how much time had passed, she was always so good about remembering details. I will really miss her but am grateful for having known her.*

“ *Our Dear June was always a loving and generous aunt. I have many wonderful memories of our childhood visits to Minneapolis. June was always "entertaining" us (the kids from the Beaver Dam farm) in the "big city". She loved to send us photos of our childhood "events" especially when we were older.*

We were so pleased that she was able to join us in Buffalo for our wedding celebration two years ago. We also had a nice "telephone visit" at Christmas this year. We are so sad that this accident happened - we will miss our dear Aunt June but know that she will surely find her way to heaven.

“ Auntie June:

My dearest Auntie June, for nearly 62 years, you showed and taught me about family, love, and the world. You showed me much of this land through a cross-country bus trip to the West Coast when I was a very young boy. Every Christmas, birthday, graduation, wedding, funeral, and countless other family functions my Auntie June was always there.

Auntie June was the custodian of our family history through stories and countless photographic albums. When one of the nieces or nephews called Auntie June she always answered: “ Hello Honey, how are you!?” And when we married, her family just got bigger. She made us all feel warm and welcome through her endless giving of unselfish love and caring.

Auntie June took the time to give generously of her time and concern for each of us. She will be so sorely missed by her family. Since, in the final analysis, there has always been and there will always be our one and only Auntie June.

I love you Auntie June, may God rest your soul until we meet again.

I will be missing you dearly,

“ Dear Aunt June,

I will always remember you as the family pictorial historian, the maker of Pink Squirrels and Golden Cadillacs, and the Queen of Tupperware. Thank you for all the kindnesses you showed me throughout your life.
