“ *Dean and family,*

Thank you for sharing Karen with me. What a wonderful, caring and respectful woman she was. Throughout all the phone calls we had back and forth, she was always patient, and never spoke a cross word. I will miss her so much. If it weren't for Karen, my sponsor, I would have never survived. She was always encouraging me and told me how proud she was of me and that I was a miracle. I called her my angel. At the end of every phone call, she always said, "I love you". Karen will always be in my heart and she will always be my angel. Thank you again, I will be praying for you and your family.

“ I dont know where to start. Dunkin doughnuts coffee. With 2 creams. Your laughter. Your kindness and compassion for others. You are loved. And will be missed. You were my other mother in highschool. I was at your house more than my own. Thanks for the memories. Leisa
