“ I am praying for your family for comfort from the only One who knows us intimately and gives us hope for our future after the battles of this one life we are given. I have only known Karen at a distance with an occasional chat on a rare visit. I felt so badly when I heard of her final days of suffering and the great loss to her loved ones. If I could talk to her now, I would say, Rest easy, beautiful child of God! Delight being the first sister from your family to run through the courts of heaven, sit at the feet of your Savior, and hug your Daddy for as long as you want! It won't be long and we will all be together again.

“ I wanted to send a note to your family to let you know that we are thinking and praying for you on this difficult day. Our family will always be grateful for Karen's friendship and the practical help Karen provided for our family when I was dealing with health issues. She was always very thoughtful and willing to share her love with all of us. My son Tony was a student of hers and it was obvious she cared deeply for her students and the people around her. May God's love surround you and may His peace give you strength for each day. The last time she wrote me I was listening to the song "Until then" and it brought me great comfort knowing that we will all be reunited someday. We will continue to pray for your family in the days ahead. Our love to you all.
