“ *Sallblad Family, My Name is Linda and I work at the MPLS Electrical JATC where Karl would take his classes to maintain his MN State Master Electrical license. I would help Karl with the registration part of the class process and he always made it fun. He was comical and a pleasure to work with every 2 years when he would take his class to maintain his Master license; he was, as he should have been, very proud of earning that license. I will miss our visits.*Linda LegerIBEW LOCAL 292 MPLS Electrical JATC
