“ Dear Family of Kathi Timm - Kathi and I go way back - we met in the early 60's while working at Honeywell. We later moved in together with 4 other girls- fun times! Needless to say we had a lot of shenanigans going on back then. At our 21st birthday party we both drank a little too much - took us at least 2 days to recover! After we both got married we kind of lost touch for a while but when Kathi moved back to Minnesota we started up our friendship again by getting together for lunches, bus trips, plays at the Guthrie - We also traveled together to London and Wales (what a fantastic trip). We just loved getting together - bragging about our grandkids and enjoyed reminiscing about old times!! I will miss our times together. Rest in peace Kathi. With Love, Maggie Eberle

“ Kathy and I were first cousins sharing fun times together at family events. I remember riding horse on their farm and being bucked off into the corn field. At one event at their farm all of us cousins chased fireflies in the ditches. So much fun. The grandparents had family get togethers in the park with all the picnic fixings. After high school graduation Kathy and I went our separate ways working, getting married and starting families. Kathy was in our wedding. One of the last times together. Our sympathy to the family. In reading Kathy's obituary, it is interesting to note her interests have been very similar to mine. Judy & Danny Nuese

“ *Kathi was a beautiful lady. Her family was the most important part of her life and her two little grandsons gave her so much happiness. She loved to garden and every spring, she and I and another friend spent many hours filling our cars with plants and flowers from several different greenhouses. She will be missed so very much.*

Kathi and I met many years ago. We hit it off immediately and became fast friends and partners in travels. You were a dear friend and you will be missed but always remembered in my heart.
