

Kelly M. Edwards

February 13, 2018

Edwards, Kelly M. 12/09/1951 - 2/13/2018 of Prospect Park virtually his whole life. Kelly never had the best deal in life; a severe accident at 7 years, brain injury, then cancer at 65 years. He was amazing, never complained, always a story with his style of humor, never asked for anything, even when a painful death stared him in the face. He worked for the U of M for 37 years.

Volunteered at the Raptor Center for 7 years (he loved that time). What a guy!
Survived by brother Terry E. and his family. Private services.
