“ *Ken was my close cousin, whom I thought of as a brother. Our mothers were sisters and most of our "growing up years" we lived close to each other. We shared many wonderful family events celebrating major holidays and birthdays. I was so proud to introduce Ken as my cousin; he was handsome, kind and had a wonderful sense of humor. He gave me lots of advice about attending St. Louis Park schools. I remember him riding with us in the car on a vacation and singing a wonderful rendition of "Ghost Riders in the Sky". Another memory is of traveling with him and Gene and my sisters in Denmark, searching for family history.*

*My sincere condolences to Gene and the rest of his special family. He will be truly missed.

“ Though his real estate career was brief in comparison to his distinguished corporate career, I enjoyed getting to know Ken when he worked in our Coldwell Banker office. He was a true gentleman who was always eager and proud to share about his family and the joy they gave him. Hoping the memories he created will always bring a smile to the faces of his family and all who had the pleasure of knowing him.

“ *Gene...so many fun times, so many years ago. Ken was a formidable presence. We all were so young. And we are all fortunate to live this long, this well. He made the first Manhattan I ever had.....still a favorite that reminds me of him. My best to you and your family as you grieve your loss. You all are remembered if that is any consolation. Lydia*
