“ My prayers are with all of Ken's family. He was a great neighbor who enjoyed being outside talking to the neighbors. I remember how he enjoyed walking "Coco" his dog. When I would see him sitting on the front steps with Coco I just had to go over and chat for awhile. My husband would always go over after work and talk with him if he was sitting on his front steps. Now my husband and Ken are chatting again in Heaven. I also remember the raspberries that he grew. He would always give me a bowl or two during the season. They were great. He will be missed in the neighborhood. Remember the good times and know that he is at peace with God.

“ For Kens entire family , We are so sorry to hear of your fathers passing . Yet happy to know he is in the presence of the Lord . In knowing Kenny as a father he was always there for you Terry . He talked with me many times about you and he loved his girl so much . I enjoyed the many times he was at my home with you . Terry , What a total blessing you have been for your father over the years . I have seen you so lovingly being there for your dad . Many times he let me know how he loved you being there . It was wonderful that your father was with you the last couple of months . Charlie and you never hesitated to have him come stay with you . I'm sure he loved that . You could see it in his face . In photos you shared you could see he was happy to be with you . Also to have some great times with his grandchildren . Terry , remember How much fun we had redecorating his home with paint? Our paint job looked amazing and your father loved it . he even let you put a shabby chic light fixture in his kitchen . A child never has regrets when they have been there for their parents . Terry , You are a beautiful example of a loving caring helpful GREAT daughter . Your father has been so proud of you . Love , Cindy and Dave
