“ Kevin helped make Macalester function. He not only made sure that what needed to get done got done, but he always had a cheery smile and a good word to go with it. For many years, he made my life as a History professor easier. Thank you, Kevin!

“ So sorry for the void this will leave in your family. Pull strength from each other to get through these times. I knew Kevin through work here at Macalester and I can say he always put a smile on my face as he did many others.

“ I've missed seeing Kevin around Macalester. Running into him always brought a smile to my face, and usually laughter as well. Know that we think of him often. May you find comfort in some good memories.

“ what a glorious spirit-- I only got to know him as the greatest smile and hearty laughter he shared. We connected in the old Theatre and Dance building prior to the demolition.. He was/is a full living persona that walked in grace.

“ *What a great colleague at Macalester College! How did he learn so many important, useful and practical construction details?! He forgot more than I will learn! Yes, he could be challenging at times, but he had the school's best interests in mind ... always! Although the Mac fitness center has a donor name on it ... the design approach was Kevin Maynard's!*
