“ Dearest Kim. Always quick with a laugh. Always quick to care. (Plus, she could pierce an ear totally pain-free!) I shall miss your wisdom, kindness, and gentle way. Rest well.

“ Even though we went to high school together, it was only in the last 10 years that I got to know Kim. I really wish it had been longer. It turns out that we had so many interests in common. I'll really miss her. Such a kind, smart and positive person. She was taken from us way too soon.

“ My condolences to the family. My heart is heavy. I'll look forward to a celebration of life. She was a great friend, high school, classmate, and coworker. Thanks Kim, for letting me be late to my entrance interview at Metro Transit , because of a lovely snowstorm.

Oh I am so sad to hear this! Sending hugs and prayers to all her family 🙏 last year we reconnected over gardening and exchanged Iris plants. We had a really nice visit and I remembered how much I liked her when we were younger. She will be truly be missed. Plant a beautiful garden in heaven Kim. I would love to go to her celebration of life in the spring. 🌸

“ Kim (& Deanna & Colleen) was my first friend in Columbia Heights. We were in and out of each others houses with long summer nights playing outside in our gardens. We did lots of naughty things... haha, the memories! Later we were skiing buddies.. how our parents allowed us to fly to Colorado at 15!... skiing in Thunder Bay... so many crazy memories. She was a blonde bombshell. We drifted apart but I am so happy that we reconnected the last few years. She was interested in what I was doing, a caring person. We had political discussions... I will miss her and all the time we didn't get to share. Rest easy Kim. My home is always open to her family, anytime. Sandra

“ My condolences to Kim's family and friends. Very sad news. Kim was a kind spirit who was always upbeat. Kim grew up down the street from me so I have known her since elementary school and we were in the same dorm our freshman year of college at SCSU. She will be greatly missed. Prayers to her family.

“ *Kim was always a spark plug. I met her in 7th grade at Central Junior High. She was so easy to like and laugh with. Being one of the “select” students in BLOCK we had developed a friendship. I have great memories snickering about the Mulligans and science projects with another friend we lost (Sam Powers). Rest In Peace dear friend. You will be miss by all. Julie*

“ So I was a friend of Kim's since our Highland Elementary days and being in the same Camp Fire Group. Our group then moved on to Central Junior High. When all the girls got together, we sang our camp fire songs, and also all the latest hits! We are always smiling and laughing together and always had crushes on the boys!
