“ I just heard about your mom's passing earlier today and wanted to reach out to say how sorry I am for your loss. I worked with her at NorthWestern Bell around 1980/1981 at the Shady Oak Rd business office and have fond memories of how patient and kind she was. Not sure if you remember me but I house sat for a week when your parents took a vacation, getting you up in the morning to get ready for school and returning after work to make supper and be with you overnight. Tim and Joe, being the older siblings, had after school responsibilities until I was able to get there and you did an awesome job. Rand had his favorite Spider Man underwear and I had to make sure you didn't wear just them all week long. Melissa missing her parents and following me around the house and yard for a week..... I lost my dad to cancer when he was 69 and like your mothers passing it is way too soon. God's blessings to you, your spouses and children. You have one heck of a mom and as long as you have memories and share them she is never really gone but will live on in your hearts.
