“ Gary, Reading the weekly paper I came across the news about Kris. My deepest sympathy to you and your family. I worked with Kris for many years at UWSP. She touched the lives of so many people, children, families and co-workers. I fondly remember her positive nature, talents, love and care for children. She enriched my life and all she came in contact with. My sympathy, thinking of you. Always, Marge Andersen.

“ Chuck and I always felt so welcomed and at home with Kris. She was so sweet and so talented - I wanted to be a neighbor and have coffee with her every morning. We will all miss her very much. My heart aches for her family. Janet & Chuck Brune
