“ *My sincere condolences to Larry's family regarding his sudden passing. I have been a patient of Larry's since 1967 and am deeply saddend to just learn of the news. Larry has always taken the extra time to discuss his family and keep me in tune over the years what they have been doing and was always interested in my family as well. Particularly my son who is a pilot like his son in law who he is very proud of as well as his entire family.*

*I've been a patient of Dr. Carrows for over 10 years. I will forever miss our conversations about Scuba diving and the trips that he took with his son. I will also forever miss Elena calling me, and reminding me, that I have my appointment coming up or that she would call me when it was time to make the next appoitment. I will also miss Elena giving me updates about her daugher and college. Dr. Carrow and Alena are very special people...even when...it was time for Dr. Carrow to floss and how much he teased me about my contorted face. Dr. Carrow and Alena are gems. Much love- Gregory*
