“ Thanks for the good times we had together.
Thanks for everything you taught me about
building cars.
I will always think of you when I see "our"
1957 Chevy.
Hvil i fred Larry.

“ Hey Lar, lots of good memories. The sweetest are the times you always said hi to Mandy. You could make her laugh and I know she enjoyed you visiting us. We enjoyed our Wednesday dinners with you and Pat and you had so many stories that made us laugh. It was always fun to go to the sprint car races at Cedar Lake with you. Thanks for the memories.

“ Remembering the sweet gentle giant Larry was. Always willing to help anyone, such a talented craftsman, full of funny stories and a loving husband, father and grandpa. (and dog papa). He will be missed!

“ I will always be grateful for Larry's work and dedication to quality during the build of the Mustang project. His knowledge, skill and wisdom were a huge part of why that car was so special. It was never about anything but doing things right and the way it should be done. His skills were only outdone by his generosity and willingness to share knowledge with those who were willing to listen and ask questions in the hopes of learning something. I am truly sad that he is gone. I know that I am better at what I do, and learned more about a broader range of things having worked with Larry for as long as I did. It was a privilege. I was glad to call him a friend. He will be deeply missed.
