“ *Mari and I are so sorry to hear of the death of Larry. We would have been at the funeral but we are in Florida. Larry was an amazing person, teacher, friend and colleague. I was in the class of 67 with Larry and we were both math teachers - he being the better one I believe. It was fun to work with him in teaching and coaching and he was the ultimate supporter of students and their needs. Highly respected and valued by us all. Our prayers go to you Judy and your family. May the great memories of your life together comfort you.*

“ *Judy:
We are so sorry to hear of the passing of Larry. Larry was a classmate, teammate and good friend of mine throughout all our High school years. He was always studious and worked very hard on his grades and me not so much. We remained friends forever and even if we didn't see each other for a while we always picked up like it was just yesterday that we had last talked. He was truly one of the good guys and will be missed. We will keep you in our thoughts and prayers. May your faith continue to carry you through the days ahead. God Bless*

“ Larry was a great coach at Edina for our Track team. Certainly his efforts helped win the state championship our senior year. He worked tirelessly and handled so many details and followed up on items others overlooked. Besides his coaching I always appreciated his encouragement in so many parts of our lives at Edina. He was concerned about people in many facets of life. Later when we have reunion parties for Track and Cross Country he always attended and brought energy to the event. Surprisingly after college while I called on hardware stores and farm coops in Bricelynn, Frost, and some farmers in Kiester we both had some common contacts. Small world but Larry was big in our lives. Our thoughts and prayers are with you and family.

“ I'm so sorry to hear of Larry's passing. I was in the class of '61, but in Kiester we all knew each other. Larry was one of the really nice 'kids' and he kept that throughout his life.

“ Larry was a classmate with me in the class of 1963 at Kiester High School. He was a leader, a scholar, athlete, humorous, caring, friend to all. On occasion we would be in the same group of friends finding ourselves in trouble that usually involved getting cars stuck in snow banks in town.

Sympathy and prayers to his family. We will miss him as we gather from time to time.
