“ *Bernice and family. I had the prividge of supervising Larry these past years. He was one of kind. He started our day with joyful noise and laughter. His stories will be shared with each other for the next decade. He was a gifted counselor who was client centered and wanted our clients to succeed.*

Bernice he shared with us many times what a blessing you were to him. He was happy.

He will always hold a special place in our memories and will be greatly missed.

You have our deepest condolences and are in our prayers during these challenging times. There is no doubt in my mind that Larry is in a better place as he has started his journey home.
