“ Oh my, Dearest Lee,

*Has it REALLY been two years!? How on Earth and in Heaven is that possible? I have your portrait, that your loving family was so kind to send me, next to my computer still. I have not forgotten you, and I never will. I hope you know what a difference you made in my life and the lives of so many others. Somehow, I feel you do, in that-  
-well, at least I know you are watching over us all. I Love You.*

“ *Dear Lee,*

*I miss you so much!! It's 2 years now, and I can still "feel" your spirit-especially your groans at my most excellent puns!! You would be so pleased at how the AA's have grown. If not for you most of us would still be foundering around in cyberspace. We love you and miss you and you'll live forever in our hearts.*

“ Dearest Lee,

*It has been two years since your passing. You would never believe some of the changes since you left us, others I think are because of you watching over us. Shortly after your passing I joined Adrian's Angels and found a group of loving, supportive people that speak of you with the greatest adoration. Everyday, it seems that something comes over the list that makes me wonder if you were helping type it. Or if you should have been there to thwap the person. LOL*

*Just know that you are missed greatly. Even though we feel we know you because of the wonderful stories that your friends have shared with us.*

*Peace and love to you and yours always!*

LOL You are missed more than you'll know and loved to eternity. God Bless...and I know you have found your Peace.

“ Dear Momma Lee....every day I see your picture by my bed. That smile reminds me that I was cared about and loved. Just a few months ago I once again attended a Highlander Con and the man of your dreams.. Adrian Paul was there. It was the same hotel where you and I shared a room together for the Reunion Con...so many laughs, rears and so much joy. You were there with me for each moment...I felt you, and missed you. Then and always. I hope you finally have that PEACE you so sought. :>)  
(I'm posting a pic of you at the Minneapolis Con so everyone, take a look and remember this wonderful lady)

“ *My sweet Mamma Lee,  
It's been 2 years now since your passing. I knew something had  
happend when I didn't get Christmas, Easter or a birthday card.  
Although you were not my real mom, I always considered you a  
great replacment. You accepted me for who I was and never judged  
me. We were such good friends in Phoneix, and when you moved  
away I missed you very much. I know that your in a better place  
now. I miss your asking me to "send chocolate", and you made the  
best roasted chicken I ever had!  
My love to your family as you were so proud of Nikki, Al, Greg and  
Brett.  
I miss you very much!  
Love always and in my heart,*

“ *It was a true pleasure to know Lee through our online Highlander fan group, The Clan MacWench. Lee always showed her kindness to the online community by sharing her spirit of goodwill and it was always a delight to get an email from her with jokes or information about some worthy cause. She was an Ambassador of Peace to many people and was a true example of the spirit of the Clan MacWench whose motto is "Peace, Service and Hospitality". She leaves a legacy of peace and goodwill and is greatly missed.*

“ *Something Lee posted one day last year about how grey she was feeling as the weather there was very snowy and grey inspired me to write my very first fan-fiction. It was something I'd always wanted to do, but may never have actually accomplished without her. After that, she totally supported me in all my writing, and encouraged me to keep going with it. I will forever be thankful to her for that. She was a wonderfully supportive person, and I will miss her always. I will never see the word 'peace' again, without mentally putting 'lee' in front of it.*

“ To Lee's Loved Ones.

*It is difficult to find words to describe Lee's impact on the lives of her on-line friends. Her correspondence was more than just a break in a day of opening e-mail or reading through the posted commentary on the lists to which we all belonged. What she wrote possessed the kind pathos of character one associates with the passionate resolve to tenaciously pursue the course. With her loving heart, Lee cared about many people and many things. She will be missed.*

“ To Lee's immediate and extended online family everywhere....I was truly saddened to hear about her passing. I was quite shocked to hear about it. Even though she was never shy about telling her age, she was always so full of life and one of those people you always expected to be there. She was persistent and undying with her support for Adrian Paul and helping others, especially "newbies" on how to obtain information on AP.

She will truly be missed and I know that she is watching over all of us.

Once again, my prayers are with her family.

“Wow. I just found out about Lee's passing, and am grateful that it was peaceful. There are so many thoughts racing through my head, but so many have already commented on. Lee was a very special lady, and to me a wonderful help with my new magazine. She was both a source of information and inspiration. There is more than one memory that comes to mind of threats that she was going to hand me my head on a platter if I didn't get the lead out. With all the lives she touched - even if only through the internet - she will live on forever, for we all sing her song.

“ Though I am seldom at a loss for words (ask anyone who has known me for more than five seconds....), I was having trouble composing this entry. I have decided to "borrow" from a global prayer request that I sent out. I remember many things about Lee. The most striking thing, I think, is that Lee always signed all communication with "Peace." My prayer for Lee and for her family is that she has indeed found that Peace. As she was a True Believer, I am certain she is happy with the Lord. We, her friends and family, will miss her deeply. My saved mail email and snail mail is full of her fun, her wit and wisdom, her cards, letters and pictures, and the occasional technical question. Whenever Lee wrote to me and her other friends, she always called us "Honey" or "Sweetie" (and by our names), and told us that she loved us. I can take a lesson from that--I forget to say it sometimes when I know that tomorrow holds no promise of forever in the mortal sense, and I may not get another chance. So, Lee, with candle lit and glass raised, I salute you. May you sit at the right Hand of the Lord, and may He hold you in the Palm of His Hand forever. You made a tremendous difference in my life and the lives of so many others. Please keep an eye on us from Up There, Lee, we still need you. I Love You!! Billie-Lee

“ Lee was one of the most wonderful things about going online and making friends. You never knew what treasures would be uncovered with a simple e-mailed "hello". Lee was just such a treasure.

*I was blessed to have spent time with her at two conventions and look back on her exuberance and energy with both amazement and joy. The woman could make me laugh, cry, care and try harder to be the kind of person she was. I will miss her terribly, but know she has truly found the peace she desired and is looking down on all of us with love.*

She was known throughout Adrian Paul Land as his #1 fan and loved nothing more than to recruit new fans to share in her love of the man and his talents. “ I was so saddened to hear of our dear Lee's passing. I will keep her and her family and friends in my thoughts and prayers. I didn't know her long, but I enjoyed all the emails I received from her. She will be greatly missed. God bless, and God speed, dear Lee.

“ Lee was a special person. She touched our hearts in many ways. I had not the chance to speak to her on the phone nor meet her in person, but I will not forget her. She always spoke her heart to anyone who would listen. She was a great Adrians Angel and a real part of them. Now, she is an angel watching over us. We will remember her stand on peace. My love and my shoulder goes out to all family and friends of hers.

Loves, Hugs, Kisses, and PEACE,  
Kathy

“ I will miss Lee so much...I will always miss her humor,her energy,her passion for what she believed,she was a great lady,she was an example for me,I just hope I have half of her energy when I reach her age,I admired her so much for that.I will miss when she called me Sweetie and Honey. As a member of Adrian Angels and as a online friend she allways be in my heart and in my prayers!! God rest her soul in peace and like she used to say she's imortal,through her family and her friends she will live in our hearts forever.

“ To Lee's family and friends,

*There's so much to say about this wonderful woman that there's no way it will all fit here. She has touched so many lives and hearts and I know she is with the Creator finally having the Peace she so wanted. To say she'll be missed is an understatement. She has been a Blessing in my life and my prayers are going out to her family and friends for comfort in this time of sadness. I love you Lee and I miss you...*

“ Lee was one of the first women that I 'met' on the internet. Then I had the priviledge of meeting and being with her in person not once, but three times! Lee was always ready with prayer or encouragement for anyone that needed it and she graciously asked that others join her in our nightly 7:00 prayer--wherever they were or whatever they were doing. Being a loyal Adrian Paul fan, she always said that she (we) was immortal--living on through her (our) children and their children, etc. Truly Lee will live on, not only through her family but also through her 'Adrian's Angels' friends. Even though I am going to miss Lee something fierce, I feel so very blessed that I had the chance to know her and have memories that make me smile thinking about them.
