“ *Our family was saddened to hear of Lee's passing. I visited with Lee often when at Lyngblomsten to see my mother. They sat together in the dining room. I love to see your memorials to the activity department. Lee loved the activities, and I would often arrive to see her involved with one group or another. Although we mourn alone at this time, know that we are thinking of you.*

“ *To Lee's family: I am so sorry for your loss. Lee and my mom sat across from each other at their dinner table so I saw Lee often and I just loved talking to her. We are also grieving my mom so I feel your pain and share in your grief.*

“ Will so miss this sweet lady. Enjoyed all of our time together. The many Out to Lunches, ice cream socials, bingo and card games. Always grateful for everything. She loved her family so much. She was my "groupie." A great loss, but glad she is at peace. I do hope there is shopping in heaven.

“ So many memories of such a wonderful lady and family. Will miss her so much. A lady that never said no to ice cream and loved her bingo. We had many laughs together and some tears. You all have a wonderful Guardian angel watching over you. It was always so sweet to hear her say I love you on the phone calls. She would hang up and say, how special you were to her. Prayers and hugs to you all.
