

Leone Ida (Mills) Nesbitt

October 15, 2013

Nesbitt, Leone Ida (Mills) Our truly beloved wife, mother, sister, grandmother, aunt, and friend joined her one true love, Everett, on October 15 at the age of 92. Survived by sons, Leon (Donna), Michael (Debra), Todd (Lisa); daughters, Sandra (Howard Schaitberger), Beth Turner; 17 grandchildren; 5 great-grandchildren and sister Irene Schwartz. Her 32+ loves. She lived each moment of life with a strength guided by love, compassion, concern, family value and appreciation of simple pleasures. Her care for others connected her to all of those she met. Leone and Everett are reunited after 9 years and are with certainty singing at the piano while she happily plays him his favorite tune by ear. All of those who enjoyed her special attention of countless cards, piano playing and impressive singing on their birthdays will smile in her memory. Leone had fond memories as a young girl of jumping off the Bush Lake ski jump and later in life, as a grandma, waterskiing in the summer at the cabin in Waterville. She often spoke about how much she loved to dance and what fun she had dancing with Everett through the years. Leone showed her love of nature by feeding and giving the birds fresh water. On her daily walks she took in the beauty of flowers, trees and sunshine. She always amazed us with her ability to pick four leaf clovers at anytime and send her loves off with luck and blessings. We will miss that gentle, caring and loving soul waving goodbye and blowing us kisses through the window as we drive away. Leone and Everett were role models for us all. We hope their legacy of love, kindness, hard work and laughter will live on through those whose lives they

have touched. The family will have an intimate, private memorial to celebrate her life.
