“ We only met Les during his last seven years at Summit Place, but he was a wonderful, kind and fun loving man. He was a great friend to my mother Lillian. He came to my wedding and danced with the nieces and granddaughters with amazing zeal and energy. He will be missed by everyone in my family, especially Lillian. We will always remember him with his wonderful smile. Stephanie Carlson and family!

“ Quite a life, quite a guy! My business and work ethic mentor! From my first task of mowing the lawn at Leslie manor to night water boy, green's and fairway mowing, close and clean up the clubhouse to shuttling Marcella back and forth to Hyland Greens! The Boche's were a huge influence on my life! Many laughs many memories. Thank goodness the memories never die! The world needs more like them!
