Lisa had a love of life rarely seen. Born with Down's Syndrome, Lisa never let that slow her down. She was a huge fan of the Minnesota Twins and Vikings, never missed wrestling on TV, danced at every opportunity, and really liked her Diet Coke. Lisa also enjoyed her 30+ years of service at Opportunity Partners-Asplin Center. Lisa touched a lot of lives with her infectious smile and happy-go-lucky attitude. Her family could never forget her birthday as she always let everyone, we mean everyone, know that it was July 14th. The family would like to send our thanks and appreciation to Renee Duke, her family and The Family Concept, for all the care and love they gave Lisa during her life.

Private graveside service at Crystal Lake Cemetery on Wednesday, November 4th at 1:00pm. There will be a Celebration of Life in the summer of 2021.

Memorials preferred to Opportunity Partners.
