“ Hi Lisa. It is August 4th 2022 and I am sitting here re-reading messages friends and family wrote to us about you. It will be 11 years since you passed this coming Oct. 21st. 2022. It is so true that you have been my Angel all these years watching over us. I see your messages in clouds and lately in Birds especially Red Cardinals! I will be out watering or on my bike and there fly's by a Cardinal or sitting in a bush or tree is a Cardinal enjoying a bath while I water. Brings the biggest smile to my face. I believe Lisa, I truly believe. Keep those messages coming. Your in my heart forever. I Love and Miss you terribly. Your loving sister, Vickie

What a wonderful heart felt message to your sister. I knew Lisa as a great friend when she was much younger and going though a rough time. She was truly unforgettable. Here I am still thinking about her 15 years since she passed. She's gone but not forgotten. Wishing the best to you and your family.

“ So sorry to hear of Lisa's passing. The last time I saw her was when visiting her at the hospital when she was recovering from her accident. So many years ago that seems. I love this picture, is as I remember her. I will forever remember coming to the house and being scared of the chihuahua... My thoughts are with you.

“ Dear Vickie/Lois/Ralph/Jane/R.J./Christina: I am so sorry about Lisa. I will never forget the bear story Vickie about how she fell back into your door when she saw the bear while she was visiting you in Vail. What good times you would tell me about with your trips up north in Minnesota Vickie. I think Maddens Resort was your favortie. You all are such lovers of animals and I can only imagine how much Lilo and Angel miss her. My hear breaks for all of you. It is so difficult and at times you wonder how you can manage. Think of your fondest memory of her and re-live it in your mind. Hopefully that will bring a smile and a warm feeling in your heart. You can grasp onto that and continue on for another day. She will help you and that we have to trust in. Many times my mom Adell has taken me through moments and I really beleive that is true. We have our hearts and our minds to remember such a great person and most of all our smiles. She would want you to smile. Love you all,
