“ Grandma, where do I even start, you were one of a kind, I looked up to grandpa and you, how long you guys were married, how you guys got along, you both are my idles in life, I wanted the same life you guys had, I won't ever forget staying with you when I was younger or you getting after grandpa teaching me to dip my finger in the cake mix, driving you home at when you got your eyes done, James and Paityn ask where Nana Rain is, they miss the pillow fights you guys had, to driving little hot wheels on your leg, I wanted to walk you down the isle at my wedding to your seat. We love you grandma and we are going to miss you ❤️

“ Mom, How can this be? So full of life one day and gone in a second. Coming home to the house we shared with you the last six years just isn't the same. Going to your room with a heavy heart. Remembering Vivian and Nova coming in and playing with you and Marshall and Justin coming after work to visit and have your bake goods that they loved. Marlyn would get your coffee all set up in the morning for you to turn on and waiting for your meals that you would make. Very good cook and baker. We will miss you coming up to the Cabin riding on the golf cart, checking out the garden and the flowers. Just be with all of us up there. Pontoon rides, sitting on the deck, just taking it all in. I'm so glad you got to see our new grandbaby Mavrick by video chat the day after he was born and pictures. Justin and Amanda wish you could have seen him in person. James coming in your room to watch tv with you. Madison with her hugs. Glad you could come to their get togethers for them. Now me I'm going to miss our talks making you laugh and just hugging you. Everything we have done together over the years. It was great. Lots of good memories. You are the best mom anyone could ask for. We had a lot of fun. Most of all I will miss you when you went to bed and telling Marlyn and I good night and love you, see you in the morning. Hope you and dad are together again and catching up on everything that's been going on the last eighteen years he has been away. You have a lot of catching up to do. I Love You so much Mom. Say hi to dad. Thanks for moving in with us. Glad we had that time together. I love you always, Patty and Marlyn
