“ *Louis was simply the kindest and most caring man. He was so talented and had so many interests from painting to gardening to travel and of course MUSIC! He played with myself and two others for decades in a flute quartet and we're going to miss him terribly. He was a gentleman and a gentle man. RIP, dearest friend.*

“ *My heart is warmed by memories of Mr. Hauser over the years. He was such a kind & gentle person. His music brought joy to a multitude of people including myself. Early memories of glee club and guitar lessons will never leave me. He touched my life and my heart with music. I will never forget him.*
