“ Louise was my go to person, my cornerstone We talked daily while having our morning coffee, I already feel lost without her. We had so many good times together. Vacations to Disney World, Lake of the Woods, South Dakota and of course Vegas baby Vegas to name a few, BBQ's, parties, our favorite spots to imbibe or just going out to breakfast and talking. Louise loved her family dearly and did everything with her family in mind. She was the one person who knew how to be present at all times and she was clear about what her priority was. Her children learned a very valuable lesson, to love unconditionally and to fiercely protect and believe in family. Louise had a playful side, a serious side, a funny side and a fierce & sassy side. She touched so many lives and will be missed terribly. Until we meet again, rest well my dear sister, continue to shine your love onto your family.  
I love you Louise

“ Auntie Louise, I will miss you so so much!! I have so many wonderful memories of you it's hard to pick a favorite. I loved spending time with you during the holidays at our Christmas girls get togethers, going to wacky holiday plays. And there were so many fun family trips, especially to Vegas with my mom, Kim and Tracy, there were so many laughs. I'm going to miss you and your fun feisty attitude. I love you so much!

“ On behalf of Way of the Lord Church, I send my deepest condolences to your family Bre on the loss of your beloved Grandmother. Unfortunately, I am not able to be with you at her service on Tuesday. Sending prayers and concern your way, that you will receive comfort from God's great supply in Christ. Jesus is described in the Old Testament as "a man of sorrows, who is acquainted with grief". He understands all the grief we experience, particularly of a dearly loved one. With care - Chris Resch RN Way of the Lord Health Ministry

“ I will be here for day's taking up all the space with my memories. We were never without growing up and today I honestly don't know how she did it. She worked hard to support us and did a great job. She would even fight for us, don't get wacked by my mom. She loved her family with her whole heart. She missed so so much . She's all around me now I can feel her.
