Louise Ann Steinhauser Radle

February 20, 1960- February 9, 2022

Louise Ann Radle (nee Steinhauser), preceded in death by younger brother Kurt, parents Fredric and Joan, and husband George Radle, the love of her life. She brought 61 years of joy to all that had the good fortune to have known her.

Louise always remained connected to her St Paul roots. A place where she could walk to school from kindergarten through high school graduation and began her lifelong friendships. Even in college at the University of Minnesota-Twin Cities, she remained in the St. Paul area. Her 35 years in the airline industry allowed her friendships to spread around the world. She touched people's hearts near and far with her easy smile and conversation.

Louise had a big heart for people, animals, and the planet; wanting to make the world a little kinder and just for everyone. Always the softie, Louise had a glove box of small bills and, if traffic allowed, she would roll down the window to hand over the gift to someone in need on a corner. Her favorite charity donation was purchasing a cow through Heifer International each Christmas. She had been doing that for so long, there must be a "Louise Herd" of heifers somewhere on the planet. She also was a big fan of 4Ocean, and their efforts to rid the oceans of plastic waste. If you wish, please support those organizations in name of Louise.

Survived by brothers Mark (Leslie), Paul (Meryl) and the nieces and nephews

she loved so much. Louise's final resting place will be with the Steinhauser clan underneath the fertile earth of the prairie near Lamberton Minnesota. A celebration of life will be planned for the spring. Louise will be sorely missed.

“ I started flying near the same time as Louise and we lived in Catherine Court Apartments, in Chicago ,back in 1985. I remember her long flowing blonde curls and her infectious laugh. Louise was always full of life and so fun to be with. Her enduring love for her "George" is also something I will never forget. Louise was a very special woman, friend, flight attendant and she will be deeply missed.

“ I am so saddened to hear about the loss of my friend, Louise. We graduated from flight attendant training together in 1985. What I remember most about this lovely lady was her sense of humor. She always had me in stitches. She had the kindest soul. My condolences to her family. Heaven has another angel 🙏😊

“Louise and I went through flight attendant training together. We did not get to fly together very often but got to see her around the base and when she commuted in from her beloved Minneapolis. I always saw her happy and smiling. I am so sorry for your loss. She was such a delight to talk to. She will be missed.
