“ We wanted to extend our sympathy at the passing of Louise from this life to the mansions of heaven. Pastor and I have many wonderful memories of your mother and grand mother. She always had a smile and kind word for everyone. Pastor used to tease her and she would laugh and kid right along with him. She helped in every way she could at church and will be sorely missed. May Jesus provide the comfort you need as you wait to join her in heaven. May He hug you close to Himself.
