“ I had the great privilege of working for Louise for the last 2 years. During that time we became very close, and we considered each other family. While her passing will leave a huge hole in my life (and the life of many), I will forever be grateful for the opportunity to know and love her. She lived a full and happy life. She had a great sense of humor, a smile that would light up the room, and faith that when the time came, she would meet her Lord and be reunited with her husband. Rest in peace, my friend!

“ Louise was a terrific woman. She was a loving, warm, kindhearted person who loved life. She had many hobbies and collections. She loved seashells and rocks of all kinds. She was a talented artist, painting many wonderful landscapes. She loved her sisters and their families, attending most functions with her husband Glen. Louise worked for MANY years at 3M and was very proud of her job. She will be missed by all who knew her.

“ Sending my sympathy to the family. I loved my first cousin Louise so much. Her mother was my father's sister. We were able to carry on our friendship for so many years. Especially in Louise's later years...we were able to stay in touch via phone and had a lovely conversation just a week before her passing. Love LaDonna (Wilfahrt) Paquette
