Tribute Wall

KS

“ My condolences to all the family of Lucy. Marc and our son Andy Schultz were good friends and met while students at Mounds View High School and members of Ziggy's wonderful basketball program. So, our sons brought us to know Lucy and Ron and we spent many hours enjoying basketball and functions following games. I recall our visits to the nursing home where Marc lived after the car accident. Lucy came with Nancy Leiser to visit us at our farm in Albert Lea. It was a pleasure to have met and spent time with Lucy. Blessed be her memory. Kelly Schultz. (John too, left us July 23, 2016)

“ Our sons were on the basketball team during their years at MoundsView High School. The players became good friends, and their friendship continues to this day. Some of the parents of the players also became friends and shared many happy times together. We have many wonderful memories of those years. We also want to pay a tribute to their coach, Ziggy Kauls, for the inspiration he gave to these young basketball players.

“ Lucy, our friend and neighbor. Like family we could rely on each other for support through the rough times and share the happy times. We missed her when she decided it was time to move, and didn't have a chance to visit her new home yet. We've heard how much she liked it though. Peace be with you Lucy, we will miss you.
