“ *My sympathy to Tom and his family. Having met Lu in the late 1950's, Lu always impressed me as a kind gentleman who adored his wife Patsy. We remained friends for over 60 years and worked together as Realtors for a number of years. He was a classy guy. Lu Wasmoen will be missed!*

KD

“ My sympathy for Tom and family, however I must express my profound gratitude for having the repeated and prolonged relationship with Lu. From when we first met in the early 1960's when he was with Pako, and I with EK, until leaving Minnesota and my moving to Arizona due to a family death here. Lu was a constant friend, who was always willing to share and a dedicated family man. He assisted where ever he could and was always anxious to help younger people learn more, as an Educator in Minnesota I saw his contribution pay off for many going through the Pako Training Programs and later when the Vocational Training Schools in MN really started to contribute - there was Lu. Over the last few years our phone calls and letters had become fewer, but still we talked & saw each other whenever possible. He brightened the day. Lu made a good mark on the world and loved his family and friends. Although he will be missed, his very positive mark has been cast.
