“ Where do I start? I was an employee of Lyle's for over a decade. It all started with me making a few phone calls when I planned to move to the metro area to local contractors looking for work. Most places I called didn't have any openings but there was no answer at L&R that day so I left a message. Two days later Lyle called me back. We talked about where I was from and level of experience. He said why don't you come in for an interview on Monday morning and bring your tools because you'll probably be going out to a job. He took a chance on me and it turned into 11 1/2 years. He did his best to keep me and the rest of the guys busy with work year round. Although it was a job there were times that it seemed more like a group of friends and family. We worked hard but he made sure there was always some time to unwind at the annual golf outings and on dice nights at the shop. The trip to Lambeau Field is one that I won't forget for sure along with a lot of other great memories. There are a lot of things that I learned working for him and he helped me get to where I am today. He was a great guy to work for and will be missed greatly. Thanks for everything Lyle!!

“ I will always remember Lyle having a heart of gold, and a great sense of humor (unless he hit a bad shot on the golf course :)). I'm sorry that he is gone now but I know he's in heaven watching over us now and I am pretty sure he's in great hands. Thanks for the memories Lyle, we love you!! ♡♡

“ *I can remember us visiting Lyle and his family in Bloomington. He was a hard worker and was a gracious host to us. He always had a kind word and was very tolerant of me and his wife not being very quiet at night a couple of times. Lyle, you will be greatly missed! You were the perfect love for my sister. You two were truly a wonderful love story. We all miss you so very much already. Keep leaving your wife and kids signs that you are with them. Goodbye Lyle, loved you always!*
