“ I met Marcia at a mahjongg game four or five years ago. We became friends and saw each other weekly. She was to go on a cruise with my husband and other friends, however, at that time her leg started to bother her and she was unable to come I will always remember Marcia as a smiling beautiful friend who always reminded that God was always with us. I have no doubt Marcia is with HIM and praying for us as I will continue unto. to pray for her. She always spoke of her family and truly loved all of you. Please accept my condolences God bless.
