“ My sincere condolences on the loss of your mother and grandmother. I delivered meals to Marge on behalf of CAP Agency Meals on Wheels. She has been on my route since I started about 7 years ago and I never met anyone as positive and cheerful as Marge! It was always a pleasure to see her and Megan when I delivered her meal. I once had to rescue her and Megan as they were walking (or trying to) on Lakeview Rd and ran into an icy patch. Neither one was injured, thank goodness. May your memories carry through your grief.

So sorry to just be hearing of this and couldn't reach out sooner. Marge and Megan were my and Coco's favorite walking partners. She was a special neighbor for many years, but an unexpected relocation to Virginia for me separated us and I was not the best communicator after that. Loved her so much, enjoyed her stories, her smile, her warmth and generosity. I miss our walks and talks, but will always have her walking with me in spirit. Condolences to all the family.

“*My husband and I are Meals On Wheels volunteers. The days we got to see Marge were our best days. Chanhassen volunteers fought over the route she was on. We all loved her and Megan! Marge's stories and sense of humor were the best! When she was vacuuming, she said she was "working the back 50." She would ask me if I had met Arthur. I said "Arthur who?" She said "Arthur Itis" and gestured at her wrist. She loved her time with Megan and neighbors at the lake property. She always wanted to share snacks with us. I thought we were supposed to bring food to her?! I stopped by on my birthday this year. She suggested we should go to the casino together to celebrate. She shared stories of her childhood and the hotel. And talked with great pride about her kids. What a spectacular lady! We send our deepest sympathy. The world is less bright without Marge in it.*

I am also a wheels on meals volunteer and always enjoyed the drop-off with Marge. He was a fun and funny woman. She told me she always got extra excited when a man was doing the delivery! The route will not be the same.

I am so sorry to hear about the passing of sweet Marge. I have delivered meals to her for many years and also live nearby. She was such a delight. I so looked forward to seeing Marge and Megan. What a positive attitude. She was always very thankful for her family who clearly took such great care of her. Marge will be missed.
