“ Dear family of Marian K. Wolf: I belong to some of the lineage societies to which Marian belonged. David brought her to the Woman's Club where Daughters of American Colonists, United States Daughters of 1812, and New England Woman gathered for their quarterly meetings. She was also so gracious and enjoyed conversation. I am not sure if she belonged to all three of the organizations but I was also proud to share Daughters of the American Revolution with Marian. Marian donated a remembrance in memory of my husband when he passed away over a year ago. She had compassion and I am glad I came to know her. I would like to be at the service but have a conflicting physical therapist appointment and also am not able to drive because of my broken shoulder healing process. I will remember your family in my prayers.
