“ *The Mother of My Very Best Friend Mary! She had the biggest heart and always words of kindness and encouragement! She took me in as her own as well. She loved her family so very much! She was so proud of her kids and her grand and great grand kids. There are so many memories of times spent with her in her and Bob's Home. The very best visits were the ones to Lake Ann. She taught Mary and I how to fillet fish...and the little Sun Fish were the most difficult, but she was an expert. I was so happy that she and my Aunt Marilyn had built a friendship because Mary and I were such good friends. Mary and I were very lucky to be loved by both these Marilyn's. She will definitely be missed but I have a feeling that she is going to be a guardian angel to all she loved. RIP Marilyn!*

“ *Marilyn was not only my grandmother but also the kindest person I have ever had the privilege of knowing. She embodied thoughtfulness and love in every interaction, whether with family or a neighbor she encountered while walking the halls of her assisted living facility. Her unwavering kindness and compassion set an example for us all, and we can honor her memory by carrying forward these values in our own interactions with others. Thank you to everyone who took the time to visit her obituary page. She would have been both amazed and humbled by the outpouring of love and support shown to her after her passing. <3*
