“ I just learned of Marion's specific death info now. I am descended from Curtis Mattison Harris, son of Silas Cannon Harris. Silas was Marion's grandfather. I am happy to have found a picture of someone but very sad to have learned of her death too late in time to actually know her. Best regards to her loved ones.

“ I have many fond memories of my mother's only sister, my dear Aunt Marion, but very little sadness, as I know that Marion's dedication to her family is her eternal legacy. Hilary and I send our condolences and love to all Marion's friends, family and acquaintances - she touched many with her caring and love, and will be missed
