# Tribute Wall

JL

“ Marion loved to make quilts for her family, friends and others. She was always working on a quilt for someone. She spent so much time, and care, and put so much love into those quilts. When we would go to the Mn State Fair, the first place we would go was the crafts building. We both loved to look at all the quilts other people made, as well as all the other handmade items. She loved the Minnesota Vikings, and watched every game. She had several bird feeders around her house, and loved to watch them. She was always excited when she saw wild turkeys in the neighborhood, or deer go through her yard. The deer would often eat the vegetables in her garden, and the flowers she grew! She is a kind and gentle soul, and will be greatly missed, until we all meet again on the other side. Joy Loesch
