“ *Marion is responsible for me working at Jerry's Foods. She called Jerry after my interview in 1971 and put in a "good word" for me. We shared many happy, fun-filled HEIB conferences around the country and really enjoyed working together on local projects especially the HEIB annual conference in Mpls in the mid 70's. I learned a lot about planning food for large events and how to guarantee "numbers." What a fun-loving lady and true professional. She is missed.*
