“ *My sincere condolences to the family. I treasured the years Margie volunteered in my class. She helped so many children both academically and emotionally. I always looked forward to our talks before the children came. Not only was she a role model for the children but also for me.*

“ I knew Marjorie through her long service as an election judge. One of the main reasons I kept working as an election judge was just so I could hang with her. She was always so much fun. I will miss her.
