“ *Marlene was a caring, calm person to work with at Sheridan School. Marlene helped children figure out where to go after school; either by bus, with another parent, or by walking. She dried so many eyes when children were scared not knowing what to do. Marlene also helped the many staff members ! If teachers or support staff needed something like supplies, Marlene was there to make sure that person was going to be successful for that day.*
As a personal note, I have fond memories of Marlene, Ron, Barbara, and Colin in Playa del Carmen. We took time to have fun on a boat ride and just chill on the beach. It was great dining out and having conversations about how we can change the world for the better. I will truly miss her!

“ As her brother-in-law, I knew Marlene for many years. Whether it was around a fire pit or traveling as families together or holiday gatherings it was always a treat to have Marlene's lively spirit around. In these later years she was in the audience for nearly all of my concerts. Her lively spirit showed forth as she didn't hesitate to say, with a sly grin, that she disliked band music. I would ask her after each one if there was any piece that she enjoyed. Her answer, " well maybe one". I think she came because I was a remaining connection to her beloved husband Ron. Yes, she was a character. A beloved one.
