“ Robert and family, I went to Ireland with Marlys in 1966 and visited the Conlin Family farm between Sauk Center and Melrose. She has been in my thoughts so I googled her and am saddened to learn of her passing in March. She was bright, beautiful red head and spirited person. I regret that we did not reconnect before her passing, but pleased to know she had a happy family life. You are in my thoughts and prayers. Kathleen O'Brien

“ I am so sorry to hear about Marilyn's death. We were friends in high school and although I did not keep in touch with her after we graduated, I remember with fondness. Karen Snow Hall

“ I am so sorry to hear this news. Marlys was my lab partner in Physics class at Sauk Centre High School and a very bright student. She understood the logic of formulas and could figure things out quickly. She also had a great sense of humor and fun. I always looked forward to working out physics problems with her. I am happy to hear Marlys enjoyed a very productive and happy life. You will all miss her very much but can feel blessed that she was in your life.
