“ Marsha,

I think of you often as I think of those that Joey has had the opportunity to meet new faces. It was 1 year ago late tonight that Joey left us to enter into Heaven.

I know that you two have talked and laughed about things that we have done or said. We did go shinning with Debbie and Kevin again last Firday night, and we had fun. Johnny and I know that those two will always be there for us at anytime. Thinking of you, love Joellyn

“ *Hi Sis, Just wanted to wish you a Happy Easter. This past week I reflected on how it made me feel for you to take part in the happiest day of my life, my wedding day. You were more nervous than I was. I remember that father Frank had to teach everyone to walk. We all had a great time. You were so beautiful that day. Orpha took one of my favorite pictures of you that day. I love and miss you very much. Tell John and Gram HI for me. Love your Baby Sister, Bea*

“ *Marsha,*

Do you remember all the Easter egg hunts we used to go to. I remember being in our matching Easter dresses that mom made for us. Also our pretty easter hats that we had. We had to wear boots most of the time becuz it would rain & make it muddy. Remember going to Gram's after for the big feast. I miss you so much. God had something special planned for you to take you away from us. Take care of John & Gram. See you later.

“*Marsha, I was at Crystal Free the other day and so many memories flooded my mind. It was so special to meet you each Sunday in the balcony for church and learn so much from Pastor Goold. And who could forget the Sunday brunches after church. It always amazed me how long we could sit and talk well into the afternoon. Sundays were always very special because of you. I'm so thankful we shared a very special day when we were baptized together in Lake Independence. I love you very much and look forward to being with you again dear sister. Love always, Kim*

“ Hi Marsha and Happy, Happy Birthday as you turn forty today, St. Paddy's Day. Remember all the glasses you got from the Ground Round.

It really seems like only yesterday that you were born in one of March's snowstorms. You were one of the smallest when we got you home and you slept in a clothes basket for a few months so you didn't look so lost and even then the basket was way too big.

You really don't know how much you are missed and were loved.

We all wear the Red Cross Pin for the green today. I found a March Birthday Angel so that is on my jacket also just for you.

You remember your 30th birthday party and all the fun everyone had.

Honey, we miss you dearly and love you more than ever.

“ Happy Birthday Marsh. It seems only yesterday that I would call you and sing happy birthday to you; not very well I may add. I will be sending you a balloon for your birthday. I sure do miss you a lot. I still have to stop myself from picking up the phone to call and tell you how my day has been and see how your doing. I know that you are doing great. You have John and Gram with you. Tell Gram "Happy Birthday". I love you and miss you very much.

“ Today you would have turned 40...seems like only yesterday you were 30. Remember the party for your 30th? Remember how surprised you were? Remember how Dad laughed so hard I thought he would lose his teeth? That was a great day!! You thought you were having a special day because we were going to take you out for your favorite, crab legs. How proud you were of yourself when we raced to the door of the house and you finally won!! That in itself was a great expression. The attached photo is the expression you had once you got through the door, now that is an awesome expression. We sure did have some great times. Wishing you were here and missing you every day. Love ya always.

We know you left us in such a hurry that day two years ago without a good bye, so long or just I LOVE YOU.

“ We've now met the two year anniversary.

In many ways, it seems like only yesterday. A few weekends before, you and Jim attended your company party, then you two were here for dinner and lastly we were to meet to celebrate Christmas with Mom and Dad the evening that you left.

In other ways, it feels like a million heartbreaks, a million tears and a million years.

So much has happened. So many times the phone has been picked up to talk. So many times you were included in the plans, only to realize that you aren't here.

You have been missed more than you ever would have imagined. You were loved more than you know.

As I make the trip, my heart are filled with joy for our parents but it is also heavy with sadness because of those that will not be there. You, My Champion, Gram. It breaks my heart to look at the enclosed picture from Mom & Dad's 40th anniversary and realize how much has happened in the ten years. Remember how we surprised them when several of our family members made the forbidden journey to Minnesota? We spent the day at our house and the evening at Camp Snoopy. Marsha,

We are getting ready for our week at the lake and so many of the things I'm packing remind me of you. I'm packing the sunscreen you bought for you and I the last time you were at the lake with us. You gave it to me and told me to hold on to it until next year. Little did we know at that time that there wouldn't be a next year when we would all be vacationing together again.

A short while ago Jimmy gave his Dad one of our "Bad Monkey Fishing Team" T shirts that you, Jimmy and Jim bought when you 3 took the boat into Hackensack.. Jim brought out to show me and said, "I feel so cheated".

We all feel so cheated, Marsha. We all had such wonderful plans for you and Jimmy to have a happy future together. I wanted so much for you to be my daughter-in-law. If I would have had my choice of any girl in the world for my son to love, I would have chosen you.

Your name often comes up at family gatherings and everyone speaks so fondly of you. You were (are) loved so much by our family. We ALL feel cheated to have lost you.

I miss you so much. You were a daughter to me and I loved you as one of my own. I wish I

could give you another hug and see your sweet face again.

I know I should be happy that you are in a better place and on some level I am. But, my heart

wants you here with us getting ready to go to the lake. I know how excited you would have been

and how you would be helping me pack up the food and all of the other things that I have to

bring along. But, it's not to be—not ever again and it makes me so sad.

*So, while we're up north, as I do every night, I'll pick a star in the sky and pretend it's your star, and I'll talk to you. I really do believe that you are smiling down on us, so I'll stare at your star, and thru my tears, I'll smile back at you.
Love Forever,*

I walked to the dance, and I missed your hand in mine, but I knew you there with me. You are always here with me. Vacation starts next week at Elbow lake! Got your pole ready? Cold beer in hand? By they way, it waould be very rude of you and John to drink all the beer in Heaven before OTHERS could get their !!
I love you with all my heart Marsha, then and now.

“ It's that time of year again when the sky is blue and the grass is green. This is the week you would have spent in Hackensack with the Lamond's and I couldn't pass up the opportunity to share one of the special moments you had with that family. How lucky you were to not only have found the love of your life but also a family that loved you too. Thinking of you often. Love you much.

“April showers bring May flowers” and this year those showers are filled with tears. I can only imagine what those flowers may look like. Their many colors vibrant from the emotions and prayers that have added texture and contrast to every image.

I also can't help but concentrate on angels this month. I can see that God has spared me an angel and here's to the unsung angels that spread love on earth with their caring ways, who go through their daily lives with thoughtfulness and grace, unselfishly giving to others and never thinking of themselves.

Although life has had a lot to offer me, I have not forgotten my obligation or promise to you. I will see it through, no matter the course.

I miss you as much today as the day you went to be with our Father, in His glorious heavenly home. I know you are safe, happy and healthy.

I love you Marsh.

It looks like the weather may be snowy but not as bad. You know you have always been a blessing in disguise ever since that day and it was always a special day. “ March 17th, the day celebrated by the “wearing of the green”. For us, this day represents your birthday. This is the second birthday that we will be spending without you. 39, it seems so young, yet many never reach that age. Who would have thought you would be one of the “many”. I will be wearing “the green” only in my Donor Family Member pin from the American Red Cross. The green ribbon surrounds the red cross in the center of the pin. I am honored to have received this pin, representing the greatest gift one can give for those left behind, the gift of life for another. Through your death, many have received life and many can enjoy life. All the talk right now is about the movie “The Passion of the Christ”. Your love for the movies and your love for Jesus would have put you there on opening night. It is an awesome movie of an awesome act! Christ suffered greatly for our sins and we shall all be forever grateful. This movie has ignited those afraid to speak about the death of Christ, to open up. His last hours, His sacrifice have become “water-cooler” subjects. Your death and your faith have also ignited some. Always so quiet, many did not know your heart. They did not know how much you loved Jesus and how much you looked forward to the day that He would wrap His arms around you for eternity. I am so happy for you, Marsh. I think and pray for Paul, knowing he drives that road every day. I realize that any of us could be in his shoes. There still is not a day that I don’t think about you, your tender soul, the look in your eyes, and your gentle ways. I miss the absence of your voice and the joy of watching you and Jim. I miss you calling for simple things and stopping by. I miss being able to help you get ready for those big events and the surprises you had for those you loved. I still miss you but I am growing...through the pain of my loss and my faith. I know that there will be a time when we will be together again. Until then, I will love you forever.

How exciting it must have been for both of you. Grandma was greeted at the door to Heaven by God, Jesus and you. How cool is that!?!?! For you, how cool was it to have someone you loved so much come and join you. As much as my heart is breaking having Grandma gone, I am so please that she did not suffer long. “ How many times in our lives have we heard “God has a plan”? I am grateful that I know that phrase and I am grateful I can accept that phrase. Is God’s plan our plan? Usually not. Is God’s plan always what we feel is for our good? Usually not. But God’s plan is His plan and He knows best. If you had told me that I would be able to deal with all that this life has to offer me and still know that God’s ways are the best ways, I would have doubted you. However, I know, that no matter what this life has to offer, God is in control and His plan has meaning and I am willing to work through that plan. We have moved into the second year of your death and, quite honestly, I wasn’t sure I would make it through the first. I loved you more than ever and I sure do miss you. This week we are preparing for John’s birthday and I can’t help but think of you. You loved John like he was your very own. Also with this week, come my thoughts of our dear friend Tom, whom I have pictured with you. You are dancing with Tom at your 30th birthday party. Gee, that was already 9 years ago. I can imagine you and Tom dancing today, together in Heaven and all it’s glory. You two are dancing on streets of gold. How lucky you are and how happy I am to know that you are there. I miss you so much because I loved you so much. You were my life for so many years.

“ This is a card Marsha had given to me that really reflected her:

*It's a wonderful world
and it's people like you
who make it that way
by the things that they do-
For a warm, ready smile
or a kind, thoughtful deed,
or a hand outstretched
in an hour of need
can change the whole outlook
and make the world bright
where a minute before
nothing seemed right-
It's a wonderful world
and it always will be
if we keep our eyes open
and focused to see
the wonderful things
man is capable of
when he opens his heart
to God and His love.*

“ I remember saying goodbye. It was one of the hardest things I have ever had to do. My whole life I tried to protect you, take care of you. But through the sorrow and the tears, I know exactly where you are. I have struggled and I've prayed to make the most of every day. It's been really hard. I really miss you. But together or apart, you are always in my heart. My love for you still grows. I am so happy we chose to love, to become friends, as well as sisters. We won't always understand but can trust that greater plan, for after all He's brought us through, I know I will be there with you. Today, one year later, at 8:06 am, the time of your death, Mom, Dad, Jim II, Jim, Jeanne, Dan, Pep, Patti, Brandon, John and I met at the accident site. Bea had just called on the phone because she knew we would be there and she was thinking about you too. I remember what a beautiful sunny day December 27th was last year. Today, it was raining and overcast, as heaven shared in our tears. We thought about you and how much we all missed you. We also thought about Paul, praying that he is doing OK. It's amazing how at times it seems like forever and at times it seems like yesterday. I have relived that day everyday for the past year. The phone call, the visit from the state patrol, the trip to the morgue, then to the accident site and finally picking up your belongings from the car. While it breaks my heart to not have you here, I am so grateful for the way the accident took your life in a moment. It's been hard on us, but it was best for you. While I miss you every day for the rest of my life, I have found peace and comfort in knowing that you have achieved the ultimate goal, spending eternity with Jesus Christ. I love you Marsh.

“ These were the words I said at Marsha's memorial service at Crandon, Wi. on July 26, 2003. Each word still holds true. I can't believe it's been a year since that beautiful girl was taken from us. It's been the most horrible year of our lives.

? Marsha came into our lives just a year and a half before her death. She was introduced to my son by her friends Pep and Patty. No one that any of my children has ever brought home had the impact on our family that Marsha did. Because to us Marsha was as close to being an angel that any human being can get. She had a way about her that was so sweet and genuine that everyone of us, aunts, uncles, cousins, grandchildren, fell in love with her immediately. She had a way of making everyone she met feel good about themselves. When she talked to you, you were the only person in the room. She had a way of making us feel comfortable in our own homes.

Marsha was the most worthwhile person I've ever met. She was sincere in everything she said and did. She was so thoughtful and kind to every person she met. You could tell this by the way children reacted to her. Children can't be fooled. They can spot phoniness a mile away. And every child that came in contact with her loved Marsha. My 7 year old grand daughter only met Marsha a few times and she considers Marsha her best friend.

We were truly blest to have this wonderful girl in our lives. And we would like to thank Melvin and Carol for sharing her with us.

Marsha died just a couple of houses away from ours as she was turning on to Hwy. 8. People always comment on how hard it must be to pass this spot every day. But, I truly don't feel that way. If Marsha had to die, I'm glad it was near us instead of some lonely stretch of highway somewhere where no one

knew her. Because I know she died near by to people who loved her so very much. She left our house that morning filled with the unconditional love that we all felt for her. A few minutes after she walked out of our front door, she walked into the arms of God. Now every time I pass that spot that's what I think about.. That Marsha got to see God at the end of our street. And that brings great comfort to me.

My son Jim and Marsha had one of the most beautiful relationships I've ever seen between two people. Their love for each other was based souly on the fact that they accepted each other for exactly what they each were. They didn't try to change each other. Jim loved Marsha simply because she was Marsha and Marsha loved Jim simply because he was Jim. They were like two pieces of a puzzle that fit together perfectly. When they would look at each other from across a room you could almost see the love that passed between them.. Now one of the puzzle pieces is gone and it breaks our hearts. To see a love like this end so suddenly is so terribly sad.

We will never know why Marsha was taken away from all of us so suddenly. We only know that she is gone on to a better place.

We miss the sound of her sweet voice, we miss seeing her beautiful smile, we miss her sheer presence that lit up every room she walked into. We miss the way she'd toss her head back and let out that hearty laugh of hers that brightened our lives. We so missed not having her up at the lake this year for our vacation. We were all looking so forward to her being with us because she added such an element of fun But, most of all we miss her goodness and sweetness that brought a closeness to our family that we never had before.

We are all gathered here today for one reason, and that is because we are all united in our love for Marsha and we can't let her life go by without paying tribute to

her, and the way we can do that is by learning from her example.

If we truly loved Marsha we must learn patience.

“ These were the words I said at Marsha's memorial service at Crandon, Wi. on July 26, 2003. Each word still holds true. I can't believe it's been a year since that beautiful girl was taken from us. It's been the most horrible year of our lives.

? Marsha came into our lives just a year and a half before her death. She was introduced to my son by her friends Pep and Patty. No one that any of my children has ever brought home had the impact on our family that Marsha did. Because to us Marsha was as close to being an angel that any human being can get. She had a way about her that was so sweet and genuine that everyone of us, aunts, uncles, cousins, grandchildren, fell in love with her immediately. She had a way of making everyone she met feel good about themselves. When she talked to you, you were the only person in the room. She had a way of making us feel comfortable in our own homes.

Marsha was the most worthwhile person I've ever met. She was sincere in everything she said and did. She was so thoughtful and kind to every person she met. You could tell this by the way children reacted to her. Children can't be fooled. They can spot phoniness a mile away. And every child that came in contact with her loved Marsha. My 7 year old grand daughter only met Marsha a few times and she considers Marsha her best friend.

We were truly blest to have this wonderful girl in our lives. And we would like to thank Melvin and Carol for sharing her with us.

Marsha died just a couple of houses away from ours as she was turning on to Hwy. 8. People always comment on how hard it must be to pass this spot every day. But, I truly don't feel that way. If Marsha had to die, I'm glad it was near us instead of some lonely stretch of highway somewhere where no one

knew her. Because I know she died near by to people who loved her so very much. She left our house that morning filled with the unconditional love that we all felt for her. A few minutes after she walked out of our front door, she walked into the arms of God. Now every time I pass that spot that's what I think about.. That Marsha got to see God at the end of our street. And that brings great comfort to me.

My son Jim and Marsha had one of the most beautiful relationships I've ever seen between two people. Their love for each other was based souly on the fact that they accepted each other for exactly what they each were. They didn't try to change each other. Jim loved Marsha simply because she was Marsha and Marsha loved Jim simply because he was Jim. They were like two pieces of a puzzle that fit together perfectly. When they would look at each other from across a room you could almost see the love that passed between them.. Now one of the puzzle pieces is gone and it breaks our hearts. To see a love like this end so suddenly is so terribly sad.

We will never know why Marsha was taken away from all of us so suddenly. We only know that she is gone on to a better place.

We miss the sound of her sweet voice, we miss seeing her beautiful smile, we miss her sheer presence that lit up every room she walked into. We miss the way she'd toss her head back and let out that hearty laugh of hers that brightened our lives. We so missed not having her up at the lake this year for our vacation. We were all looking so forward to her being with us because she added such an element of fun But, most of all we miss her goodness and sweetness that brought a closeness to our family that we never had before.

We are all gathered here today for one reason, and that is because we are all united in our love for Marsha and we can't let her life go by without paying tribute to

her, and the way we can do that is by learning from her example.

If we truly loved Marsha we must learn patience.

Marsha was one of the most patient people I've ever met.

“*Marsha, Christmas is coming soon and I have been thinking about all the wonderful memories I have of you this time of the year. I remember how you loved to decorate sugar cookies, dip peanut butter balls and make Christmas crafts with our family. What a joy you and Bea brought to us. Mom and I enjoy sorting through the memories quite often and they bring smiles to our face and tears to our eyes, thank you for making them with us. We love you and you are in our hearts forever. Merry Christmas!*

“ We are entering the most wonderful time of the year, the Christmas season, peaked by the birth of Christ on Christmas day. I enter this season with a heart filled with gratitude for His birth and the sacrifices He made throughout His short life. I also am one who enjoys His forgiveness and know, that through His ultimate sacrifice, I will be saved. I also enter this holiday season with that same heart filled with sadness, sorrow and grief. Marsha, you also lived a short life. Marsha, you loved your family more than they knew and more than they could imagine. Marsha your life was filled with joy, laughter, success, as well as pain, sorrow and disappointment. You believed in our Lord and Savior and the happiness and joy we all can enjoy if we believe and trust in Him. You are living that life now. You are enjoying all that Christ has to offer. How wonderful it must be. I am grateful to know that you are wrapped in the arms of the One that ultimately loves us all. I believe you are celebrating Christmas this year beyond all imagination. You truly are “HOME FOR CHRISTMAS”. Merry Christmas Marsh.

Sure was strange not hearing your voice yesterday. I guess I will have to remember all the times we did talk.

You are in good hands now and you are safe and free of pain.

“ As Thanksgiving approaches it is time for me to stop and think. Thanksgiving.....the word itself suggests a motion or emotion. It is a day set aside to think and to "thank". It is a time for family and friends to get together and share memories. I recently read a phrase that said "when a loved one becomes a memory, those memories become treasures". This phrase has stuck with me for several months. How fortunate I am to have many, many treasures!! Not only of you, Marsha, but also of other family members and friends. I am so "thankful" for the many memories I have...so very many. While this year's Thanksgiving day falls on the 11th month anniversary of your death, I can not help and focus on you. I miss you more than you can imagine, more than I could imagine. Throughout our lives, we spent alot of time together and I miss that. I miss you needing me, I miss your voice, I miss seeing you. I guess I just miss you! I can imagine the wonderful day that you are sharing with Christ and know that this year, you are having the BEST Thanksgiving ever. I know that you are in a great place, a place safe and painfree. A place beyond our wildest imagination. What a time you must be having. I miss you Marsh.....love ya!!

I thought this picture displays one of your favorite costumes because sports was so much of your life. I thought this one was extra special because the Vikings are currently undefeated and in first, which would have made you very happy. You were always such a devoted fan.....in every sport. “ Hi Marsha,

This is your Aunt Babe writing to you. I'm sure you're aware of the empty spot you left in the hearts of all your family. We are all handling this with the love we all share. Your sister, Orpha, has been so supportive, considerate and loving to all. Her love is never ending for you!! Your Dad is having a very hard time of coping with your death. He cries each time we are together or talk on the phone. You would have so proud of the memorial that was held at the Brush Run Track. Not only at the attendance of all your family and friends but, the reverence given to you. Everyone did such a wonderful job!!! The service brought your family together, also several attended the Statezny Reunion at Lake Metonga after the service to share some good times. My best memory of you is whenever we came for a visit to Grandpa and Grandma Statezny's we could look out the window and here comes Orpha, Marsha and Bea holding hands, coming to visit us. There sat the three little "Angels" on the sofa as good as they could be!!

“*Marsha meant the world to me and my family. Yes, Marsha it's us the McCorkles. As we all know Marsha had a love for children and I was one of the fortunate children that has been touched by her life. Marsha was 11 years older than me and she was the big sister I never had. She would carry me, dance with me, play tag with me, walk through the rain to come visit me (because she said if I walked in the rain I would melt because I was too sweet) she let me play with her raggedy ann and andy dolls, made purses out of old jeans, took me to her bowling parties and family reunions and made sure I was included at every minute. When all the older kids were playing she would take the time to make sure I was part of everything. Wow! what a wonderful person she was, God is so lucky to have her with him and to see that sweet smile and her beautiful blues eyes sparkling because I sure consider myself blessed for having her with me and my family almost everyday until she graduated and moved. That was such a horrible day when she said she was moving, I can remember just feeling sick because I missed her so much.*

*Marsha you were a beautiful person, thank you for everything you taught me and all the wonderful memories you gave me and my family. You meant the world to my Mom, as well as my Dad and brothers. I could go on and on about the memories we've shared, you were definitely an angel in waiting, now you have your wings. I love you Marta, as you know I called you Marta when I was too young to pronounce the "sh." Miss you, until we meet again.

“ I was thinking about you this weekend and didn't realize until I wrote this that today is exactly one year from the time this photo was taken. On 9/22/02, Dad and I had started to trim the trees in our yard when you arrived to visit. You and Mom were talking and watching when I asked if you wanted to try using the saw. The expression on your face was priceless and with great excitement you said yes! With Dad's guidance, you made your first cut. What an honor it has been for me to share my life with you and how lucky I am to have so many memories. Through all the trials and tribulations, through all the tears and all the pain, I know how much I loved you and I wouldn't trade this pain for laughter if it meant not knowing you and sharing our lives. Miss you and love you.

“ 9/11 is approaching and there is much talk about the attacks on the United States two years ago. 9/11 has become a common word. 9/11 for the terrorists attacks and 911 for emergency. For us, 911 was a date related to help from the beginning of our lifes because this is the day our Mother was born. Who do you turn to in time of need? Your family and usually your Mother. Who do you turn to when you need advice? Your family, including our Mother. And who do you call in an emergency or for help? Your family, as usual. And who is there when you need them most, your family. For us, 911 and Mom were pretty much the same. She took us to sports, taught us how to bowl and took care of us when Dad worked out of town. Mom was the "one" who was, and is, the head of the family. Marsha, I know you know what the past nine months have been like; the heartache, the sorrow and the loss. I know you can see a brighter future and that you have made it possible for so many things this family is experiencing and will experience through your death. Since your death, our family has been able to say "I love you" more freely and to give those hugs you so desired. YOU have made us a better family. You impacted our family every day you were alive, and you are still impacting our family every day since your death. On this, Mom's 71st birthday, we remember her birth, the terrorist's acts on the United States and you. We miss you so much! Waiting until we see you again. I love you Marsha

“ Crandon, Wisconsin and the Statezny family are busy getting ready for the 34th annual International Off-Road race this Labor Day weekend. What a weekend it should be. Once again Dad and Mom will be busy delivering the meals for the workers, Fay and Christopher will be working on the track, Leslie wherever they need her and Kevin in security. Fay so wanted to run a race in Marsha's memory but that will be impossible this year with two broken wrists so we will patiently wait for next year. We all know if Fay raced, he would come out with a first, just like he has in EVERY race he has finished. Wow!! As Jim mentioned to me....you will be there. Everyone who was at your memorial service in Crandon knows how important the races were to you. Jim wrote to me.....every time a vehicle goes around that track, you will be there. Every time a vehicle flies high over the jumps, you will be there. Every time a vehicle enters the pits, you will be there. Every time an engine opens up and roars, you will be there. Every time the checkered flag is waved, you will be there. Every time dust is raised on that track, you will be there. Every time the track is watered down, you will be there. Every time the crowd cheers, you will be there. Every time a driver signs an autograph for a fan, you will be there. Every meal Dad and Mom deliver, you will be there. Every time there is a prayer or music over the airways, you will be there. I will never forget my 68th birthday, you, John and I sat around the table, talking, having a few drinks, while Orpha and Gino worked. Jim came over later and we had a big steak supper. You and I shared our steak, because it was so big and we liked it the same way. I can't believe that after saying, "See you" that you were gone five days later. I know things didn't turn out the way you wanted them to, but I guess that is the way life goes. I love you and will miss you always. Auntie.*

“ Today is Dad's birthday and I am sure you are celebrating it in heaven. What a wonderful celebration you must be having. As Dad realizes another year, he cherishes the birthday party we had for him on his 75th birthday. He loved having us all there and I am grateful we took the time to honor him. The picture submitted today is of you and Dad on his 75th. His heart aches so much for you. I have told him over and over how much you loved him, cherished him and adored him. We miss you so much. Love you forever and forever.

“ FOLLWING IS THE MESSAGE THAT WE HAD AT THE SERVICE FOR MARSHA ON JULY 27, 2003 IN CRANDON, WISCONSIN. I KNOW THERE WERE MANY FROM AFAR THAT COULD NOT ATTEND AND THAT IS WHY I HAVE POSTED THIS MESSAGE.IT WAS A NICE TURNOUT FROM PEOPLE AND MANY IN ATTENDANCE HAD TRAVELED GREAT DISTANCES. I BELIEVE THE ATTENDANCE WAS OVER 125.THE PICTURE ENCLOSED IS OF THE BALLOON RELEASE. THE PEOPLE SELECTED TO RELEASE THE BALLOONS WERE THE FAMILY MEMBERS AND VERY CLOSE FRIENDS. THE RELEASE OF THE BALLOONS WAS LIKE SAYING GOODBYE AND LETTING GO. IT WAS VERY DIFFICULT. IN THE MIDDLE OF THE PICTURE YOU CAN SEE A RED BALLOON SHAPED LIKE A HEART. THIS BALLOON BELONGED TO YOUR HONEYBEAR, JIM LAMOND. IT WAS THE LAST BALLOON WE COULD SEE. IT WAS VERY TOUCHING.JEANNE LAMOND GAVE A VERY LOVING SPEECH ABOUT MARSHA AND THANKED OUR PARENTS FOR SHARING HER WITH THEM. THAT FAMILY SURE LOVED MARSHA ALOT AND WE ARE VERY GRATEFUL!!HERE GOES.....IT QUITE LONG. THE SERVICE LASTED ABOUT 45 MINUTES.WE OPENED THE SERVICE WITH THE SONG, EVERY SINGLE TEAR BY SCOTT KRIPPAYNE.I ASK THAT YOU JOIN ME IN PRAYER. DEAR FATHER, WE ASK THAT YOU BLESS OUR GATHERING TODAY AND ALL WHO ARE IN ATTENDENCE. WE ASK THAT THE WORDS WE ARE ABOUT TO HEAR BRING GLORY TO YOU AND SHOW THE HONOR, RESPECT AND LOVE WE HAVE FOR MARSHA. WE ALSO ASK THAT YOU COMFORT US AND PAUL, THE OTHER PERSON INVOLVED IN THE ACCIDENT. WE PRAY FOR OUR NATION AND ASK THAT YOU BRING ALL THE SERVICE PEOPLE HOME SAFELY, PARTICULARLY TECH SARGENT JEROME COLLIN OF THE UNITED STATES AIR FORCE. WE PRAY THESE THINGS IN JESUS NAME. AMEN.I WOULD LIKE TO TAKE THIS MOMENT TO THANK THE CRANDON INTERNATIONAL OFF ROAD RACING ASSOCIATION FOR ALLOWING US TO HOLD THIS SERVICE HERE. THE RACES HAVE ALWAYS BEEN A VERY BIG

PART OF THE STATEZNY FAMILY WITH SEVERAL FAMILY MEMBERS VOLUNTEERING AND WE ARE ALL SO PROUD OF FAY AND HIS RACING ACCOMPLISHMENTS. ;PLEASE MAKE SURE YOU HAVE SIGNED IN THE GUEST BOOK. WE WOULD APPRECIATE IT. BEFORE I START I WOULD LIKE TO GIVE THE DETAILS OF MARSHA'S ACCIDENT. THIS WILL HELP CLEAR UP MISCONCEPTION. MARSHA WAS DRIVING TO WORK ON FRIDAY, DECEMBER 27TH IN A PLYMOUTH NEON. SHE WAS DRIVING NORTH AND STOPPED AT A STOP SIGN. SHE NEEDED TO TURN LEFT. MARSHA STOPPED, THEN PROCEEDING TO PULL OUT. PAUL, THE DRIVER OF A FORD F150 WAS TRAVELING EAST ON HIGHWAY 8 AT APPROXIMATELY 44 MPH WHEN HE HIT MARSHA'S CAR IN THE DRIVERS DOOR. SHE WAS KILLED INSTANTLY. MARSHA OR PAUL HAD NO MEDICAL CONDITIONS THAT ATTRIBUTED TO THIS ACCIDENT AND NO MOVING VIOLATIONS WERE ISSUED. IT SIMPLY WAS AN ACCIDENT. IT IS SAID THAT WE SHOULD LIVE EACH DAY AS IF IT IS OUR LAST, FOR NO ONE KNOWS THE TIME OR THE PLACE WHEN THEY SUDDENLY WILL BE CALLED HOME. TODAY, WE ARE HERE BECAUSE OF A "SUDDENLY". MARSHA WAS DOING A ROUTINE THING AND SUDDENLY...HER LIFE ENDED AND OUR LIVES CHANGED. WE HAVE CRIED MORE TEARS THAN THERE ARE DROPLETS OF WATER IN THE WOLF RIVER AND THE HOLE IN OUR HEARTS ARE AS LARGE OF ALL OF HEAVEN AND THROUGH OUR PAIN, SUFFERING, SORROW AND GRIEF, WE FIND COMFORT IN KNOWING THAT MARSHA IS SPENDING ETERNITY WITH HER LORD AND SAVIOR, JESUS CHRIST. I CAN NOT TALK TO YOU ABOUT MY SISTER WITHOUT TALKING ABOUT HER FAITH. AND I CAN NOT TALK ABOUT HER FAITH WITHOUT TALKING ABOUT FORGIVENESS. FOR GOD SO LOVED THE WORLD THAT HE GAVE HIS ONLY BEGOTTEN SON THAT WHOSOEVER SHALL BELIEVE IN HIM SHALL HAVE EVER LASTING LIFE. CHRIST OFFERS UNCONDITIONAL FORGIVENESS. MARSHA KNEW, BEYOND A DOUBT, THAT JESUS CHRIST LOVED HER AND THAT HE FORGAVE HER. NO MATTER HER SIN, NO MATTER HER TRESSPASS, GOD FORGAVE HER.

FORGIVENESS IS SOMETHING WE ALL WANT, BUT SOMETHING NOT ALL OF US ARE WILLING TO GIVE IN RETURN. LATER IN THIS SERVICE, I WILL ASK YOU TO JOIN ME IN THE LORD'S PRAYER, A PRAYER WE RECITE OFTEN. I ASK THAT TODAY, WHEN YOU RECITE THIS PRAYER, YOU LISTEN TO THE WORDS AND ASK YOURSELF, DO YOU REALLY MEAN THEM. DO YOU REALLY WANT GOD TO FORGIVE YOU AS YOU FORGIVE OTHERS? MANY OF US HAVE BURDENS THAT ARE PREVENTING US FROM GIVING FORGIVENESS, MANY OF US HAVE NO INTENTIONS OF OFFERING FORGIVENESS, YET, WE NOT ONLY ASK GOD TO FORGIVE

“ Today we held the memorial services for you at Crandon on the Brush Run Grounds. Earlier this am we thought it couldn't happen as we had a storm of all storms. It was nice by the time the services started and the barn was filled with many people to honor you. Orpha had a very impressive service again just like the original but this was special cause there was 37 balloons that went to the heavens just for you.

It will be seven months tomorrow and we still are having a very hard time believing it has been that long cause it seems just like yesterday.

Jerry is back overseas again and we missed him almost as much as we did you.

We miss you so much.

We love you.

We missed you this pass weekend and it was a big day for me, too and you were thought of more than you know. We know th Lord works in mysterious ways and we do not question his authority but we sure do miss you morning and night. We still don't understand how the accident could have happen when you were such a careful driver. We remember the first to Crandon by yourself from MN and how scared you were. “ A reminder for those who were asking regarding the memorial service for Marsha taking place in Crandon, Wisconsin. The service is July 26, 2003 at 10:00 am at the International Off Road Raceway. The raceway (also known as the Brush Run) is located on Highway 8 entering Crandon from the west. It is very easy to find. The service should last approximately 1 hour and casual dress is welcomed. No suits!! Shorts are OK. There is no race scheduled this weekend, we are having her service here because Marsha loved watching our brother, Fay Statezny race in class 8 and because she loved volunteering during the races, as do our parents. There are several motels in the area. Crandon is approximately 5 hours from the Twin Cities. Please contact me should you require any additional information. Thank you all so much for caring and loving Marsha.

“ Every day, with the rising of the sun, another piece of my heart breaks. Our lives were so intertwined and I am beginning to understand just how intertwined they were. I miss you in so many ways and so much each day. I know there will be healing but it is not today. I was looking at this picture of you and I in 1982 and I can't believe twenty years has passed since you first came to Minnesota. I also realized, that out of the 37 years you were alive, we were only apart for 8 years. I tried my whole life to protect you and somehow I feel I failed but am grateful in knowing you had the ultimate protection in Jesus Christ. I love you Marsh.

“ Hey Honeybears. It has been six months since we began this very strange journey. It's a bit weird that you are doing this with out me because when we were together, we never spent more than 72 hours apart. That included the times you went home to Crandon! For some reason, you were always ready to come back over the creak. I don't have to tell you that I love you Marsha and I miss you. I know that you know that my Faith is still very strong. I'm not angry at God because he brought you home. Only because us Humans left behind don't know exactly why. And were not supposed to. Not yet any way. But you do, don't you? There are theories and conjecture of why your time here is over. And that is what I take comfort in. I also take great comfort in the fact that you will feel no more emotional, or physical pain. The heart, skin hair and the bones you left behind will be used to help others in peril (sp). The warmth of your body as we were relaxing and your sence of humor are what I miss most. I'm so glad that you trusted me. We took care of each other 100% for the year and a half (almost to the day!!!) we were together. I now know the meaning of "Better to have love and lost than never to have loved at all..." Except we haven't lost honey. Because we have you in our hearts. No matter what, I know you will be with me. I wouldn't give up that year and a half for anything. I have never been closer to any human being, than I am to you. Our time together was precious. And now I know you know this, but as we laid down to take our (now very famous) afternnon naps, as we were relaxed and falling asleep, I made a very concious effort to remind my self who I was with at that moment. Not one minute with you Marsha was taken for granted. Even when we were lying on the couch watching "Who's line...." or Law and Order (while we were consuming great amounts of beer probably!) I always took a few moments to be very gratefull that you loved me. And I KNOW that WE were happy together. When I feel sad about your departure, I think about the time we spent at the Crossroads, cooking dinner and renting movies and drinking beer. Ordering Pizza, drinking beer, teaching you to swim in the pool you didn't know you had! Going to Orpha and Johns was always a treat, and the time we spent with my family, well I knew made you very happy. I know that the

conversations we've had, and I need your help Marsha. It will be very hard on Mom and Dad and your Father when I meet somebody new. And you know I someday, I hope too! Please help them get through that time. You also know Paul too. You know him more that any of us on this side of the equation will ever know him. Watch over Paul. You know that I think of him often. I thank God that one of my qualites is that I am smart enough to look at facts and not think though emotions. I know you wouldn't want me to be angry. I can't be. Marsha please walk with him too. He had goals and dreams before 8:00 AM on December 27 2002. Please, help him realize those dreams. Marsha: I miss you, I love you, I know your finally safe. I love you, Jim.

“ *She is not here anymore
She left yesterday
Though I will see her again
On a future day.*

*The secrets we shared
in each other we held trust
we vowed we would always be together
Nothing would come between us.*

*The places we went together
Just her and me
She shouldn't have left so soon
For there's still so much to see.*

*When I was depressed
Her good advice she would offer
She would hold me in her arms
Until my depression was over*

*She was thoughtful and caring
She always understood
If I would ask her to do something
And it was reasonable she would.*

*Even though she has left
In my heart she remains
I won't forget the love we shared
Or the happy memories I have gained.*

*She's not here anymore
Never again will she say
"We will always be together"
For the angels took her away.*

Honey, the birds are chirping and the frogs have been singing but we still are having some cold nights so maybe they are going to freeze again. We know how you use to listen to these earthly sounds and enjoyed them with us all. My Grand Representative Appointment is up and next month we will have a party here and we know how much you wanted to be here. It will be on the same day as Brush Run so Dad and Fay will have to take a couple of minutes off to be with me altho I know in all our hearts we will be with you.
Love you and miss you.

“ *Marsha it has been five months since that terrible day in our lives and at times it seems like only yesterday. We truly miss you very much and love you more each day. Honey, the birds are chirping and the frogs have been singing but we still are having some cold nights so maybe they are going to freeze again. We know how you use to listen to these earthly sounds and enjoyed them with us all. My Grand Representative Appointment is up and next month we will have a party here and we know how much you wanted to be here. It will be on the same day as Brush Run so Dad and Fay will have to take a couple of minutes off to be with me altho I know in all our hearts we will be with you.
Love you and miss you.
Love, MOM and DAD*

“ We are entering the fifth month since you left, the month of May. May holds a lot of memories in our hearts for you. First would be Mother's Day. Not only because you were such a good daughter yourself, but also, because you wanted to be a Mother so badly. You loved kids and were TERRIFIC with them. In Minnesota, we also think of you on opening fishing. Once you tried it, you were hooked!! Following is a picture of you with your first walleye caught on Farm Island Lake in Aitkin County. You also loved fishing in Hackensack, MN. This month Uncle Bud is getting married and this wedding will be extremely difficult. We will be thinking of you on this day because of your love for your family, because we wish you were here, because you loved to dance (and were good at it) and mostly, because you wanted so much to have your own wedding. At the end of the month is Memorial Day and although we have lost others, no loss has been as devastating as losing you. It will be a tough day. We miss you so much.....love you always.

“ As we approach one of the most significant holidays of the Christian religion, Easter, we think of you as always. Today we have included the picture of the marker that we placed at the site of the automobile accident that took your life. As in all we do, there is a reason behind everything on this marker. First is your name for all the world to see. We want them to know who you were and that you were important. Second are the dates of your birth and death, representing the short life you lived. These two things are colorized in yellow and blue. The yellow represents the sunshine you brought into every life you touched. The blue represents our hearts, full of sorrow and pain. At the top of the marker is a cross. This represents your faith in Jesus Christ and His resurrection. There are several roses that surround the marker. The two yellow roses at base represent Mom and Dad, the next roses, the red ones, represent your brothers and sisters and the single white rose, represents you. There is a ceramic angel resting on the plaque with your name, telling the world you ascended to heaven. Finally are the pictures of those you loved and who loved you. While life goes on, we cannot say we are celebrating the holidays, we are not. We grieve for you and miss you. Love and hugs.....

“ March 17th, St Patrick's Day is coming up on Monday. Who would have guessed you would be celebrating your birth on earth, so very far away. Your life came in a blink of an eye and was taken in a blink of an eye. It seems like only yesterday you were the little baby girl with only peach fuzz for hair, so happy, so carefree. We, your family, are remembering the barbies, the baseball, the bike rides, the sledding, the bowling, the horseshoes, your love for watching sports, our many trips to the Ground Round on March 17th to collect their commemorative glasses or mugs, the dancing, the Brush Run off road races and how very proud of Fay you were, our "girls" trip to Florida for Bea's 30th birthday, your 30th birthday party, our trip to Phoenix for Amanda's graduation, your love for movies, the fishing, lake "weekends" and "holidays" at Farm Island and Hackensack, your trips to New York and Michigan, your two favorite foods: noodles and crab legs and last but not least, your love for children. We can't end our memories of you without thinking of your elated face, the twinkle in your eyes, the joy of your smile, every moment you were with Jim. We certainly have some great memories, many memories. We were so proud of you when you graduated from Northwestern College in Roseville, MN, the only one of us to accomplish this. You did such a great job on your presentations for college but boy were you scared! You dreaded every one but came out shining, just as we are sure you are "shining" in heaven. We were also proud with each merit award you received at work and there are many, many of these. Your proudest moment, was the day you took your courage and gave your speech in front of several hundred people, professing your faith in Christ, after your adult baptizing in Lake Independence on August 9, 1995. While it meant so much then, it means even more now. We miss you more than you could ever imagine and our hearts are filled with sorrow but we find comfort in knowing you have peace and are now getting the very best hugs from the Master. We can see your face, smiling, looking at Him and knowing all is well. For us, our days are fresh with sadness and pain, for we shall never on this earth, have, what we had before December 27, 2002. We miss you so, because we love you so. There was so much we wanted for you, just so much.

On this day of your birth, we think of your past with joy, our present with tears and your future with smiles as big as ever. We miss you so much, for a part of us went with you, and the Statezny 7 shall be no more. We are forever changed. WE LOVE YOU AS MUCH TODAY AS WE DID ON THAT MARCH 17th IN 1965, AND EVERY DAY.....UNTIL WE MEET AGAIN.

“ Yesterday marked one month since the tragic death of Marsha. As a family, we miss her dearly. Our loss is great but our strength is strong in knowing that she is now at peace with Jesus Christ.

We loved the sweetness of Marsha's spirit, the gentleness of her actions and the innocence of mind.

We ask for continued prayers for ourselves and also for the young man involved in the accident. I spoke with him again last night and he could use the strength.

We thank the friends who sent cards and are grateful and humbled by the impact Marsha had on many lives. We also thank Fortis for being a superior work place and providing Marsha with many hours of joy. We know she enjoyed working with all of you and you did everything possible for her.

We thank all those attended the memorial service that was held in Coon Rapids on January 3, 2003 and invite those who are interested in attending a memorial service in Crandon Wisconsin in late July. This service will be held at the International Off Road Raceway where our brother, Fay Statezny, holds many titles. Marsha volunteered many years during the races. A memorial run around the track with Marsha's ashes will take place, as this was one of her favorite places.

She also will have a marker placed at the cemetery in Crandon.

Dates and time are being confirmed so if you are interesting in attending, please e-mail me for details.

Marsha, we love you and will miss you forever.....

“ I met Marsha in 1991 when she started working at National Farmers Union. We became great friends immediately. She spent many, many weekends in Pine City. I remember how devastated we were in late 1998 when she left NFU because her dept. was transferred to Colorado. After 7 years of working together, we couldn't imagine not seeing each other every day at work. Marsha had the biggest, kindest heart and gave so much love and support to her friends. Marsha also gave great hugs, didn't she? Hello hugs, goodbye hugs and every kind of in-between hugs. I imagine she has already seen my Dad and given him a big hug. I was so thrilled for Marsha that she found the happiness, true love and support from Jim and his family that she so deserved. My thoughts and prayers go out to everybody who knew and loved Marsha. She's in my heart forever.

“ I was only 11 years old when my older cousin was dating Marsha. They were in college at the time and together for along time. I am now 25 years old. I still remember Marsha as a fun, loving, caring, and such an inspirational person. Marsha enjoyed spending time and playing with my sister, my brother, and I. She was a great person who my family loved and enjoyed being with. Marsha will be missed by my family and our deepest thoughts and prayers go to her family.

PART OF OUR HEARTS FOREVER

*Could we ever forget your sparkling eyes or the way you brightened each day,
or your smile which is etched in our memories, so you're never far away?*

Could we ever forget those priceless moments?

The answer, of course, is never.

For you were part of our lives for a brief time, but you'll be part of our hearts forever.

“ Our deepest sympathy to Marsha's family. We knew Marsha through working with her at NFU and the Jilek family. When she turned 30, I made her a special quilt to commemorate her special day. She will never be forgotten -- especially her smile and faith in God. We are deeply saddened by her sudden passing, however, she is now free of pain and one of God's special angels. “ *Marsha was a sweet and kind person. I enjoyed working with her. She had a humorous side and could make you laugh when you least expected it. She will be missed by her co-workers. May God's peace and love be with her family and friends at this time.*

“ *Marsha was such a sweet and wonderful person and she will be missed terribly. She sat across from me and her sudden and tragic death has left such a void in my day.*

“ We are all very, very sad about the tragic untimeliness of Marsha's death. She was a joy to work with and we all miss her deeply.

“ *Marsha was a very caring person with a lot of love to give many people. As a very food friend of my mother while I was growing up, she was always there to give her thoughts and support for our family. Marsha will be missed by us all.*

“*Marsha will be missed by all who knew her. I pulled out my old yearbooks and class reunion pictures. She always had a smile. Marsha looked at the positive side of things. I enjoyed playing volleyball and being her friend. She would want her family to always look at the good in life.*

“ Our deepest sympathy to Marsha's family. We knew Marsha through working with her at NFU and the Jilek family. When she turned 30, I made her a special quilt to commemorate her special day. She will never be forgotten -- especially her smile and faith in God. We are deeply saddened by her sudden passing, however, she is now free of pain and one of God's special angels. A giving person in both life and death...
