“ Lots of memories. Mary Lou was my mom's (Violet Nelson) "adopted" sister as she called her. Had many fun times, in Minnesota and Arizona.  
I was talking with Bonnie on Friday, and she was remembering Mary Lou playing volleyball in our backyard, with her "cricket hop" as Bonnie called it.  
Your mom always made people laugh with her many stories.  
She was the same age as our dad (Harold Nelson), now they can celebrate birthdays together in heaven.  
Remember the good times, enjoy the legacy.  
Prayers and love to you,  
Jane Larson for Bonnie Nelson, Lily Rose and Vicki Wheeler (the Nelson sisters)
