“ *The porcelain art world will miss such an accomplished porcelain artist and teacher... She was an outstanding artist of her time and having worked with her for a number of years I know she will be missed by all the artists that may even not have met her... she was editor of many books to pass on her legacy of the knowledge of art.. Mary Ellen will certainly be missed by those who know her personally... The family has my sympathy*

*Mary Ellen had a special skill of making other artists new or accomplished feel empowered. I will miss her hugs and smacky kisses of welcome.*

*If any family member or friend still checks this page could you text me. My cell phone #(949)275-0374. I've been trying to find Mary Ellen for a while now, We were friends since 7th grade. Walked to the bus stop together to catch the bus to school in Ecorse. Last time we were physically together was when I was visiting a friend who played for the Vikings. We all most froze to death at a game. Had been doing Christmas cards which must have stopped with Ari's passing. It would help me reach closure if I could talk to one of you. *Mary Ellen changed my life forever, teaching me the skills to be a strong and productive porcelain art teacher for over 50 years! I miss and think of her every time I pick up my brush. I hear her words all the time and am sharing them with my students! God bless her.

*I used to visit Mary Ellen in the care home she lived in toward the end of her life. She was the first person I told I was when I found out I was pregnant. I wish I could have known her before she lived there because she was truly an angel. I thought of her today and found this. I hope she is at peace.*
