“ *Through the years, we have had many patients walk through our doors, but Mary was different. She was family. She was always fun and caring. She always had an opinion and she was always ready with a thumbs up to life. She loved her family and I loved her stories about "the fabulous four". her sisters who were so very special to her. She made friends with such ease. There wasn't a person she could not find something in common with. You are in my thoughts and prayers.*
