“ As a CF nurse coordinator in Pittsburgh, I had the opportunity and privilege of working with Mary Jo on nurse advisory boards as well as attending her lectures at the national CF conferences. She was a great teacher and an inspiration to all who knew her and worked with her. Her book for teens with CF was an important part of CF education not only for patients and families but for all CF caregivers. Mary Jo lived each day to the fullest and worked diligently in caring for families with CF. I greatly admired and respected Mary Jo and send my deepest sympathy to her family. Louise Bauer

“ I am a CF Nurse Practitioner in Cincinnati. I met Mary Jo when our team went to learn from her team. She was inspirational and so passionate about her work. I will never forget all that she taught us and how it has had a huge impact on the lives of so many of our patients in Cincinnati.

I'm so very sorry to hear about the loss of Mary Jo. She was my CF care provider for over 15 years until I switched to the Adult CF clinic. I loved Mary Jo's enthusiasm, passion and care for all her CF patients. She took care of me so well. Miss you and love you, Mary Jo.
