“ I did not know Mary, but for the 30 minutes while I waited for the emergency crew to arrive. In that short period of time, she has forever changed my life. I have always known that life is precious, but to think that if I had not stopped to answer a text, I could have been the involved in this tragedy. If you have seen the pics of that day, my car was the last to leave, so life-flight, could take the others away. I pray that her passenger survived, and that her family finds peace in her memory.

“ Dear Jim, Anthony, Marysa & Carolyn ~ I am so so sorry about Mary's passing. I am in shock. Mary and I became friends in the 7th grade at Hawthorne. She went with me to Colorado to ski at Keystone (this was in the 1980's) and to visit a friend of mine. I was a bridesmaid in the wedding Jim! I remember it all so well. I am so thankful that we met up two summers ago and reconnected in person. I have such fond memories of hanging at her house off of Bluemound and of her mom and especially her dad. Her dad was so sweet to me all the time. They treated me like family. I will miss Mary and I am so sorry for your loss. Blessings.
